Fort St. George, Public Works Consultation of 2nd February 1858.

No. 22. Read the following Extract from the Proceedings of the Chief Engineer, dated 11th January 1858, No. 6565.

Read the following letter from Lieutenant A. S. MOBERLY, District Engineer of Chingleput ; to Colonel C. E. FABER, Chief Engineer, dated Camp at Guindy, 9th January 1858, No. 1591.

SIR,

I have the honor to inform you, that I received on the 7th Instant, the Title Deeds for the 2 Houses belonging to Mr. Dunlop, on the west side of the Artillery Barrack, and which are proposed to be bought for the site for the Married Men's Quarters for the Artillery. On my taking them to the Collector of Chingleput, in order that they might be properly transferred, as ground rent is now being paid by Mrs. Dunlop, to Government, the Collector informed me, that as Mrs. Dunlop, had only a life Interest in the property, the consent of her daughter, to whom the property reverts after her death, would also be required, and as they are not here, and to prevent any complaints hereafter from persons who may have claims on the property, he stated that it would be more advisable, and that the ground could be taken possession of by Government more expeditiously, if authority was granted by Government to take the land in question under act VI. of 1857.

2. I have therefore the honor to forward plans of the ground, shewing the extent, and request that you will obtain the early sanction of Government to the Collector's taking possession of the land, for Government purposes, under Act VI. of 1857. The Collector states, that he cannot give leave to pull down the houses, until this sanction is given, as parties might dispute the valuation made by me.

Resolved to forward a copy of the foregoing letter No. 1591, dated 9th January 1858, together with the Plans which accompanied the same for the orders of Government, with the Chief Engineer's request, that the land required for the Married Men's Quarters at the Mount, may be authorized to be taken possession of under Act VI. of 1857.

2. The general direction of the intended work is from S. E. to N. W. and the average breadth is 115 feet.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 23. ORDER THEREON, No. 155; dated 28th January 1858.

The Right Honorable the Governor in Council is not inclined to resort to Act VI. of 1857, for taking possession of lands and buildings required for Public purposes till other means more agreeable to the owners have failed. In Extract Minutes Consultation, dated 12th Instant No. 55, the Board of Revenue have been desired to instruct the Collector of Chingleput, to adopt measures for taking possession of the Bungalows referred to in the Chief Engineer's Proceedings above recorded, and the Government will await the report of that authority. The Board will request Mr. Shubrick to give his early attention to the subject, as it is highly desirable that the construction of the proposed Family Barracks at Saint Thomas' Mount, should be commenced without delay.

(Signed) H. FORBES,
Acting Secretary to Government.

No. 355

Extract from the Proceedings of the Chief Engineer
in the Department of Public Works. Fort St. George
Under date the 11 January 1858.

Read the following.

No. 1591

From

Lieutenant A. S. Moberly,

District Engineer of

To

Chingleput.

Colonel G. B. Saker,

Chief Engineer D.P.W.

Sir,

I have the honor to inform you, that
I received on the 7th Instant, the Title Deeds
for the 2 Houses belonging to Mr. Daulop,
on the west side of the Artillery Barrack,
and which are proposed to be bought for
the site for the Married Men's Quarters for the
Artillery - On my taking them to the
Collector of Chingleput, in order that
they might be properly transferred, as ground
rent is now being paid by Mrs. Daulop

D

to Government. The Collector informed me that as Mrs. Dineoff had only a life interest in the property, the consent of her daughter, to whom the property reverts after her death, would also be required, and as they are not here, and to prevent any complaints hereafter from persons who may have claims on the property, he stated that it would be more advisable, and that the ground could be taken possession of by Government more expeditiously, if authority was granted by Government to take the land in question under Act VI of 1857.

2. I have the honor to forward plans of the ground, showing the extent, and request that you will obtain the early sanction of Government to the Collector's taking possession of the land, for Government purposes, under Act VI of 1857. The Collector states, that he cannot give leave to pull down the houses, until this sanction is given, as parties might dispute the valuation made by me.

St. Louis Office,
Camp at Quindz,
9 January 1858

I have the honor to be
Yours

W. A. Moberly
District Engineer
Resolved

54.
Resolved to forward a copy of the foregoing letter No. 1591 dated 9th January 1858, together with the Plans which accompanied the same for the orders of Government, with the Chief Engineer's request, that the land required for the Marine Men's Quarters at the Mouth, may be authorized to be taken possession of under Act VI of 1857.

2. The general direction of the intended work is from S. E. to N. W., and the average breadth is 11.5 feet.
