Dated 28 - 1 - 1918

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 2nd February 1858.

No. 28. Read the following Extract from the Proceedings of the Chief Engineer, dated 6th January 1858, No. 6423.

Read again letter from the Acting Collector of Tanjore, dated 30th October and recorded in Diary of the 7th November 1857.

Read also the following letter from H. D. PHILLIPS, Esq., Acting Collector of Tanjore; to Colonel C. E. FABER, Chief Engineer, dated Poodoochuttrum, 29th December 1857, No. 427.

SIR,

Not having been favored as yet with any notice of my letter to your address dated the 30th October last, No. 361, relative to the transfer of the roads of the Tanjore District.

I have the honor to request you will inform me with advertence to the order* of Government marginally specified, whether on a consideration of my report above quoted, the Government have issued any separate instructions relative to the future Superintendence of the roads, or whether it is their wish that they should be made over to the Executive Engineers Department on 1st Proximo together with the other branches of the Tanjore Marahmut.

* Minutes of Consultation dated 23rd December 1857, No. 2376.

† Dated 30th October 1857, No. 361.

The subject of the Neeranikum establishment mooted in my communication† of the marginal date seems also to require the specific orders of the Government.

1. The Acting Collector's report on the transfer of the District roads, and Neeranikum establishment alluded to in the letter quoted above having had special reference to the proposition by the District Engineer that only a partial change of system should precede his final and complete assumption of the whole executive charge and the Acting Collector's objection to that temporary measure having in the Chief Engineer's opinion appeared valid, it was considered quite unnecessary to lay the same before Government.

2. The order of the 23rd December 1857, No. 2376 directing the transfer of the entire Executive functions from the Revenue to the Engineer Officers, involves every arrangement connected whith that charge including the repair of the roads and control of the Neeranikum establishment as laid down in the orders marginally quoted and the Chief Engineer is clearly of opinion that further reference to Government is altogether uncalled for as there is no reason to suppose that any exception to the general system is to be made, but on the contrary, many grounds for concluding that the numerous opportunities presented by the recent correspondence would have been taken advantage of to signify any exceptional arrangements for Tanjore should any such have been contemplated.

Extract Minutes Consultation No. 371, dated 11th April 1856, page 289 of Circular orders.
Do. No. 839, dated 1st May 1857, para. 4 communicated in Circular No. VI of 8th May 1857.

3. Resolved therefore to request the Acting Collector to be so good as to carry out the instructions of Government by the transfer to the District Engineer of the road and local funds together with the complete control over the Neeranikum establishment of the District, without possessing which that Officer's duties cannot be properly performed.

4. Resolved also to submit copy of these Proceedings for the information and favorable consideration of Government.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 29. ORDER THEREON, No. 158; dated 28th January 1858.

The Government approve of the Proceedings of the Chief Engineer in regard to the transfer of the entire Executive Department in Tanjore to the District Engineer, together with the Neeranikum Establishment.

Fort Saint George, Public Works Consultation of 2nd February 1858.

2. The management of the "local funds" however is to be conducted in Tanjore as elsewhere, under the rules laid down by Government in Extract Minutes of Consultation dated 11th April 1856.

(Signed) H. FORBES,
Acting Secretary to Government.

No 6423

Extract from the Proceedings of the Chief Engineer
in the Department of Public Works.

Under date the 6th January 1858.

Reads against letter from the Acting
Collector of Tanjore dated 30th October and recorded
in Diary of the 1st November 1857.

Reads also the following letter.

Dated 2nd Feb.

From

H. D. Phillips Esq.

Acting Collector of Tanjore

To

Colonel C. C. Faber

Chief Engineer D. P. W.

Tankalambet Coorg.

Reads the following letter.

Not having had formal notice as yet with
any notice of my letter to your address dated the 30th
October last, & dated relative to the transfer of the
roads of the Engineer District.

I have the honor to request you will
inform me with advice to the order of Government
marginally specified, whether on a consideration of my
report above quoted, the Government have issued any
orders or instructions relative to the future supervision

* Diary of Govt. 723
December 1857
No 2376

The subject of the Attainder
establishment, involved in any consideration of the Indemnity
Marginal date seems also to require the specification
of the Government.

The ~~objections~~ ^{objections} submitted
on the transfer of the District Courts and Executive
Establishment alluded to in the letter cited above having
been specially referred to the Department by the District
Engineer that only a partial change of location should
precede the final and complete removal of the
whole Executive charge and that the ~~objections~~ ^{objections} submitted
objecting to that arrangement having in the
Chief Engineer's opinion appeared valid, it was
considered quite unnecessary to lay the same before
Government.

2. Request therefore to request the
Supt. Collector to be good, as to carry out
the intention of Government by the transfer to the
District Offices of the Roads and Local Funds
for the whole District, instead of the numerous
Establishments of the Districts, without professing
which that Office will be properly
improved.

4. I request also to submit
a copy of these Proceedings for the in-
formation and favorable consideration of
the Government.
