No. 21. Read the following letter from Major E. LAWFORD, Superintending Engineer Southern Circle, in charge Central Office of P. W. ; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 15th June 1858, No. 1163.

SIR,

I have the honor to submit for the orders of Government, the accompanying estimates received from the District Engineer Kistnah, for repairing the Moonsiff's Court House at Karempoody, and for re-building the parapet of Mr. Newberry's Well, both in the Guntoor District, amounting to Rupees (525) five hundred and twenty-five, and (679) six hundred and seventy-nine, respectively.

1 Letter from District Engineer Kistnah, No. 6 dated 11th May 1858.
2 Estimates.
1 Extract from List of building estimates for April 1858.

2. As the amount of the estimate first mentioned, exceeds the value of the building by more than one-fourth, the Chief Engineer is unable to sanction it, and as the re-building of the whole of the parapet wall around Newberry's Well is purely a new work, both estimates are forwarded for the sanction of Government.

3. The necessity for these works is fully shewn by Captain Chambers in the remarks inserted in the margin of the list of ordinary estimates submitted by him for April 1858, and under the circumstances therein stated, I beg to solicit the sanction of Government for their immediate execution.

Letter from Lieutenant O. CHAMBERS, Acting District Engineer, Kistnah Division ; to Colonel C. E. FABER, Chief Engineer, dated Bezoarah, 11th May 1858, No. 6.

SIR,

I have the honor herewith to forward the detailed estimates of the works named in the margin, as called for in your Proceedings No. 9395, of the 29th April 1858.

Fort Saint George, Public Works Consultation of 17th August 1858.

No. 22. ORDER THEREON, No. 1598; dated 12th August 1858.

With this letter, Major Lawford submits two estimates, one for Rupees 525 for repairing the Moonsiff's Court House at Karempoody, and the other for Rupees 679 for re-building the parapet and excavating slopes, &c., to Newberry's Well, both works being in the Guntoor District and solicits sanction for their immediate execution. The first of these estimates, it is explained, is beyond the power of the Chief Engineer to sanction, its amount being in excess of one-fourth of the value of the building, and the second provides for new work.

2. The Governor in Council does not perceive any grounds for treating the proposed repairs to the Court House as an emergent case, and therefore directs that the work be entered in the Budget of 1859-60. Under the circumstances stated in respect to the other estimate for parapets &c., to Newberry's Well, and considering the scarcity of water in Guntoor, the Government sanction the execution of this work on emergency.

Chief Secretary.

Sir

I am directed by the Commissioners of Her Majesty's Treasury to acquaint you that they have had under their consideration your letter of the 9th instant, and the Report of the Board of Works which accompanied it, relative to the claim of Mr Charles Gaiden, Clerk in the Central Office of the Metropolitan Commissioners of Sewers, to be allowed a Superannuation Allowance under the Act 22 Victoria Cap 26.

In reply I am to state to you that my Lords are not prepared to sanction the grant of a Superannuation Allowance to Mr Gaiden, as the Act 22 Victoria Cap 26 does not appear to apply to the case of persons employed in the Public Service for less than 15 years.

I am Sir

Your obedient Servant
