From
Major A. Boileau
Commanding Engineer
Central India Field Force.

To
Colonel Wetherall C.B.
Chief of the Staff
Central India Field Force.

Sir,

I have the honor to request
you will do me the favor of soliciting
from the Major General Commanding
the Central India Field Force permission
for me to resign my appointment of
Commanding Engineer with this Force
and

and to proceed to resume my civil appointment in the Residency.

2 I should be glad if you will inform the Major General that this request is made on the ground that the active Services of this Force appear for the present to have terminated the troops are (I believe) now moving into Monsoon quarters, and there is literally no work of the character contemplated in making the appointment of Commanding Engineer either at present to be undertaken or apparently in prospect at least until after the Monsoon. It was for active Service I left my Presidency 17th Months ago and I have had the privilege of being employed from Mohammrah to Calpee.

3 Any repairs or building work required could be well left to the

the next Senior Officer of Engineers, Lieutenant Edwards, until the arrival of an Executive Officer belonging to the Province.

4 Under these circumstances I trust the Major General Commanding will find no difficulty in permitting me to return to resume my appointment in my own Presidency.
