Not to be folded or roughly handled.

No. 78. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 27th August 1857, No. 3198.

SIR,

I have the honor to submit the accompanying estimate prepared by the Garrison Engineer for erecting a godown on the Berm of the Wallajah Bastion of Fort Saint George for the security of the Tools and valuable Stores &c. in use with the Foundery and in the work shops attached to the Arsenal.

2. A reference was made to the Inspector General of Ordnance for his opinion as to the indispensability of the work in question, in reply to which that officer states as you will observe from his despatch herewith forwarded, that the godown is urgently required in order to afford security to the valuable machinery &c. above referred to.

3. The work connected with the godown was commenced on emergency by order of the Town Major, and is now under execution.

4. The estimate amounts to Rupees (545) five hundred and forty-five, and the rates allowed in the same appear to me to be moderate but sufficient.

5. Under these circumstances, I beg to recommend the same for formal sanction the funds being obtained I presume from the 1 lac Fund.

No. 79. ORDER THEREON No. 1706; dated 8th September 1857.

The Right Honorable the Governor in Council sanctions for immediate execution from the one lac fund the estimate submitted with the above letter, amounting to Rupees (545) five hundred and forty-five, for the construction of a godown at the Wallajah Berm of Fort St. George.
