Extract from the Proceedings of the Chief Engineer
in the Department of Public Works.

Under date the 22nd January 1858.

Read again letter from the District
Engineer Kistnah.

[Here Enter N^o 126. dated 2^d December 1857.]

Enclosure 1

Letter from District
Eng^r Kistnah. 12th Dec. 1857.
dated 2^d December 57.
with the signature of
from Sub Engineer
Loobbaroy.

Resolved to submit the foregoing letter
with its enclosure to Government thro' the Civil Auditor
with the Chief Engineer recommendation that the
extension of 2 Months leave applied for by Sub Engr
Sec^r J. Loobbaroy of the Kistnah Division may be
granted from the 7th January to the 6th March 1858.

It is observed that the leave applied
for by Supervisor Deerasawmy has already been
notified in Fort St^g George Gazette 8th January 1858.

Sir

Lieutenant O. W. Chambers

Acting District Engineer

Kistnah Division

Sir

I beg to bring to your notice
that when I left the Station on the 7th
October 1857 to join this place I was
necessarily delayed on the road owing to
the heavy rain and as the better part of
my leave amounting to 15 days was taxed
there by on the roads I feel that I would
be unable to accomplish my wishes if an
extension were not given me.

I shall in consequence
feel thankful your kindly obtaining for
me an extension of Two Months leave
in addition to that already granted in
under Section VIII of the Unconvenanted
Service

with a stoppage of half salary for a continuous period of 6 months

The Sub Overseer's Application is dated 28th November 1857, and the Proceedings of the Chief Engineer 22nd January 1858, or 16 Days beyond received in the the expiration of the leave, a Circumstance which the Audit Office will require the leave if granted to have retrospective the 25th effect Contrary to Section III of the Absence Rules

To

The Chief Engineer

in the D. P. Works

Madras

Sir

1. In submitting the accompanying Applications for extension of leave from Supervisor J. Veerasawmy and his brother Sub Overseer J. Soobary, I do myself the honor to observe that the distance between Bezcarah and Salem being nearly 500 miles, they could not, on applying for and obtaining their Original leave for 3 months, have counted on having much more than one month to spend at Salem.

2 Granting them two months extra leave would delay their return to this District until the 6th March 1858 or until the working season is nearly half over; I suggest therefore with due deference, that one month only be allowed to

General Department

N^o 493Report of the Civil Auditor

The Civil Auditor has the honor to observe that Soolbaroya Moodely, Sub Overseer 2^d Class, 3^d grade, Krishna Division, is on a less salary than Rupees 100, and hence it is competent either to the District Engineer or the Chief Engineer to grant him leave being guided by the spirit of the Uncovenanted Service Absentee Rules. However as Colonel Faber has requested the Civil Auditor to forward the application to Government, the Civil Auditor begs to state that 3 months leave of absence on private affairs was granted by the Chief Engineer to this person on the 3^d of September last. Vide page 366 of the Gazette - which he availed himself of on the 7th October following. His leave therefore expires with the 5th instant, and the present application requests its further extension to the 5th March next, making in all 5 months. Section VIII of the Uncovenanted Service Absentee Rules, it is observed, permits leave of absence with

nearly half over; I suggest therefore with
 no deference, that one month only be allowed
 to
