Not to be folded or roughly handled.

No. 28. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 18th August 1858, No. 293.

SIR,

1. As the Talook Maps of the Trichinopoly District, which have been revised and corrected up to the present time are about to be lithographed, I have the honor to solicit the sanction of Government to an edition of 200 copies only, and not 600 as proposed by this Department, and authorized by Government in Extract Minutes of Consultation, No. 783 of the 26th May 1856.

2. Six hundred copies of the whole Map of Trichinopoly were struck off; and out of this number, only 13 copies have been sold by the Stationery Depot during the last two years; which makes it desirable, if for the sake of economizing paper only, that the limited edition; which I have now suggested, should be adopted for the future; not only for the Trichinopoly Map, but indeed for the Maps of all the other Districts. Should the demand for these Maps hereafter increase, *second* editions, or even a *third*, if necessary, which the advantages of further revision may easily be obtained.

3. I have also to solicit that authority may be granted to the Superintendent of the Government Gazette Press, for a corresponding edition of the lists, intended to accompany the Maps, in accordance with the 5th para. of the annexed Extract from the Minutes of Consultation, No. 656, of the 26th June, 1856. These lists will be supplied from this office, as required.

Para 5. It is desirable that lists of the Villages should be printed in a convenient form to accompany the Maps. They should be in books of Octavo size with names in both English and the Vernacular of the District; and columns might be added shewing the Population, Revenue, and other particulars of each village.

No. 29. ORDER THEREON, No. 1850; dated 9th September 1858.

Considering the very limited sale at the Stationery Depôt, during the last two years, of the Lithograph District Map of Trichinopoly, viz. 13 out of 600 copies, as reported in the above letter, Government approve of the Officiating Chief Engineer's suggestion to strike off but 200 copies of the Talook Map of Trichinopoly, which it is under tood is now about to be lithographed, revised and corrected to the present time; and they accordingly direct that this suggestion be carried out, not only in the present instance but in respect also of the Maps of all the other Districts hereafter. As properly remarked by Major Lawford, should necessity arise, a second or even a third edition might be struck off with the advantages of after revision.

2. With reference to para. 3, requesting authority for printing in the Government Gazette Press, the lists of villages to accompany the Trichinopoly Maps, Government desire that, as that establishment is full of work, the Officiating Chief Engineer will have the lists printed under his own Superintendence, at the Male Asylum Press; and on the completion of the work, he will submit bills of the cost incurred, for the sanction of Government.
