Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 14*th September* 1858.

No. 118. Read the following letter from B. CARDOZO, Esq., and S. KRISHNAMACHARI, Municipal Commissioners for the Town of Madras; to the Chief Secretary to Government, Fort Saint George, dated 30th August 1858.

SIR,

1. Understanding that it is the intention of Government to erect a temporary shed in Abercrombie's Battery for the protection of the Machinery now stored there, we have the honor to request that the same may not be constructed the entire length of the ground, as it would in that case mask the opening into Mooccur Nulla Moottoo Chetty Street, which we are now widening.

2. Should the space on the North of the said Street not suffice for the erection of a shed of sufficient dimensions for the purpose required, we would suggest that a second one be erected on the South portion of the Battery adjoining the Bank of Madras.

No. 119. ORDER THEREON, No. 1897; dated 14th September 1858.

Referred to the Officiating Chief Engineer for report with reference to Extract Minutes of Consultation dated 12th August 1858, No. 1605, in communication with the Inspector General of Ordnance and Magazines.

(Signed) T. PYCROFT,
Chief Secretary.

To

The Chief Secretary to Government
Fort Saint George.

Sir,

Understanding that it is the intention of Government to erect a temporary shed in Abercrombie's Battery for the protection of the machinery now stored there, we have the honor to request that the same may not be constructed the entire length of the ground, as it would in that case mask the opening into Mootien Malla Mosque Scholly Street, which we are now widening.

2. Should the space on the North of the said Street not suffice for the erection of a shed of sufficient dimensions for the purpose required, we

we would suggest that a Redoubt might be erected on the South portion of the Battery adjoining the Bank of Madras—
