Read the following papers.

No. 130. Letter from Major E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 18th August 1858, No. 2919.

SIR,

I have the honor to submit for the information and orders of Government, with reference to Extract Minutes Consultation, No. 1196, dated 24th June last, a Plan and Estimate, amounting to Rupees (3,440) three thousand four hundred and forty, for constructing a Small-pox and Leper Hospital at Calicut in the Malabar District, and to recommend, that under the circumstances represented by Mr. Robinson, the late Acting Magistrate of Malabar, as to the urgent necessity that existed for such a building, the sanction of Government may be accorded for the immediate execution of the Work.

No. 131. Memo. from Major E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 25th August 1858.

The Officiating Chief Engineer has the honor to request that the Secretary to Government P. W. D., will be pleased to return the Plan and Estimate for constructing a Small-Pox and Leper Hospital at Calicut, submitted with the letter No. 2919, dated the 18th Instant, as the Collector of Malabar has suggested certain alterations therein.

No. 132. Letter from Major E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 1st October 1858, No. 4157.

SIR,

With reference to the Extract Minutes of Consultation, No. 1196, of 24th June last, I have the honor to forward revised Plans and Estimates for a Leper and Small-pox Hospital proposed to be constructed at Calicut, in the District of Malabar.

2. The plans have been prepared in accordance with the suggestions of the Acting Collector of Malabar in his letter No. 2431, dated 20th August last, a copy of which is herewith forwarded.

3. The revised plan effects a complete separation of the two Hospitals, a provision is also made for out-offices and a Well for each. The Buildings are surrounded by a compound wall with a partition wall dividing them.

4. The Estimate for the revised plans amount to Rupees 7,000, an increase which the necessary alterations occasion.

* The Estimate for the original plan amount to Rupees 3,440.

5. I beg to notice that the buildings are well adapted for the purpose mentioned, and recommend the sanction of the necessary amount Rupees (7,000) seven thousand, for immediate execution, or for entry in the Budget of 1859-60, whichever Government are pleased to think necessary.

Letter from P. GRANT, Esq., Acting Collector of Malabar; to Major E. LAWFORD, Officiating Chief Engineer, dated Calicut, 20th August 1858, No. 2431.

SIR,

No. 1196. With reference to the Extract Minutes Consultation, 24th June last, a Plan and Estimate for a Small-pox and Leper Hospital at Calicut, prepared by the District Engineer Malabar, were countersigned by me and returned to that Officer on the 31st Ultimo, for eventual transmission to you.

The Engineer, I find, has not provided for out-houses* for the building, and I believe that a wall enclosing the whole is very necessary; the wall dividing the two portions of the building being extended so as to make them entirely distinct.

Cookroom, Privy and Well to each of the two divisions.

Should you concur in these measures, I have the honor to request you will have the goodness to instruct the District Engineer to make the additions to the Plan and Estimate before they are submitted to Government for sanction.

No. 133. ORDER THEREON, No. 2124; dated 12th October 1858.

1. Referred to the Public Department with reference to Extract Minutes Consultation, in that Department, dated 7th May and 9th August 1858, Nos. 689, and 991.*

* Para 23.

2. The items entered in the estimate for "Privy seats" should be omitted from it as they are articles of furniture and as such do not fall under Public Works.

(Signed) T. PYCROFT,
Chief Secretary.
