Con 1910 192

G.O. No. 2162 Press Mis.

3744 Dated 14-10 — 18 58

Not to be folded or roughly handled

No. 39. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 28th August 1858, No. 3221.

SIR,

I have the honor to forward for submission to Government Plan and Estimate amounting to Rupees (1,080,) one thousand and eighty, for adding 2 Arches on both sides of the present bridge on the Erkenchary road, across the channel from the Veyasurpaudy tank, for increasing the water-way. The above work can be completed within one month.

2. The rates allowed in the foregoing estimate have been examined, and are found to be moderate and sufficient, I beg to recommend that sanction be granted for its immediate execution.

3. The necessity for this extension has proceeded chiefly from the recent enlargement of the Tank Calingulah, but there is no doubt that the water-way of the bridge has always been too small, as appears from the breaches in the road.

No. 40. ORDER THEREON, No. 2162; dated 14th October 1858.

The Governor in Council sanctions out of the one lac fund the Estimate amounting to Rupees (1,080) one thousand and eighty, submitted with the above letter for adding 2 Arches on both sides of the present Bridge on the Erkenchary Road across the channel from the Veyasurpaudy Tank in Madras.

(Signed) T. PYCROFT,
Chief Secretary.
