Dated 14-10— 1858

Not to be folded or roughly handled

No. 41. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 16th September 1858, No. 3715.

SIR,

In forwarding the accompanying copies of letters from the District Engineer and Collector of Bellary, submitting an estimate of Rupees (1,900) one thousand and nine hundred for cutting a new channel of supply to the Modody Tank in the Mudduksseerah Talook of that District from the Soovurnamooky river, and for throwing a small Dam across that Stream, I have the honor to recommend that the work may be sanctioned for immediate execution, as the cultivation under the Tank, and the Revenue derived from it are jeopardized by the dangerous state of the bank of the present channel, in which it is difficult to prevent the occurence of breaches through which the water returns to the river.

1 Copy of letter from District Engineer of Bellary, No. 104 of 10th August 1858.
Do of letter from Collector of Bellary 2nd August 1858.
1 Abstract Estimate.
1 Sketch.

2. There are 391 acres cultivated under the Tank, assessed at Rupees 2,927, and yielding an average revenue of Rupees 1,414, and the estimate now submitted for securing this, by the formation of the new channel shown in the sketch, consists of

Letter from Lieutenant J. F. FISHER, District Engineer of Bellary; to the Chief Engineer, dated Camp Adonie, 10th August 1858, No. 104.

SIR,

I have the honor to forward a plan and estimate amounting to Rupees 1,900 for making a fresh supply channel to the Modody Tank in the Mudduckseerah talook, together with copy of a letter from the Collector of Bellary, approving of the work, and to request you will be good enough to sanction its execution on emergency.

2. This channel has been breached every year for the last 2 or 3 years, and to avoid this, a fresh Trace and estimate has been prepared.

Letter from C. PELLY, Esq., Collector of Bellary; to Lieutenant J. F. FISHER, District Engineer of Bellary, dated Dhurmavarum, 2nd August 1858.

SIR,

I have the honor to return the Survey plan and estimate amounting to Rupees 1,900 for making a fresh supply channel to the Modody Tank in the Mudduckseerah talook, Counter-signed by me, that you may obtain the sanction of the Chief Engineer for the same.

No. 42. ORDER THEREON, No. 2163; dated 14th October 1858.

Under the circumstances represented by the Officiating Chief Engineer, the Governor in Council sanctions for execution on emergency the Estimate amounting to Rupees (1,900) one thousand and nine hundred, submitted with the above letter for cutting a new supply Channel to the Modody Tanks from the Soovurnamooky river and for throwing a small Dam across that stream, in the Bellary District.
