 his letter transmitting the Statement in question
 are as follows: In the Anticipation Sketch Estimate
 for 1858/59 have been entered all new works found
 requiring the sanction of Government and which
 are included in the Budget Lists for 1858/59
 submitted by the Central Office to Government
 for approval. Until the finally approved Budget
 shall have been printed in the Government
 Office and received in this, the works
 included therein will not be known,

leave be granted retrospectively to Mr. L. L. L.

The District Engineer

Doctor Williams the Jallahyore
of Honore, having informed me that it is
not in his power to certify that it is absolutely
necessary for Mr. Pereira Machado to obtain
six weeks leave of absence for the restoration
of his health, I have the honor by desire of
Mr. Machado, to request you will have
the good up to submit the Chief Engineer to
allow the leave originally applied for to be
considered as leave on private affairs.

2nd Mr. Machado has already had the leave
18; he did no duty from 28 October 1857 to 27th
November 1857, and if now granted it should
be published as having had effect retrospectively
from the above date.

3 I am induced to submit this
indulgence for the following reasons
Mr. Machado has according to his own
account faithfully served the Government
for twenty six years and never been absent
from

from his duties a day during that period
Dr. Williams has already certified that
Mr. Machado was from ill health unfitted
for work and as you are aware, professionally
attended him, during the time for which leave
was applied for.

It seems therefore to me that the consid-
erations upon which Dr. Williams
bases his refusal to grant the requisite certifi-
cate are exceedingly thread bare, the difficulty
however will be overcome if the course
I have ventured to suggest be acted upon

Dr. Blackwell, in reply, states that he has acted strictly in accordance with the regulations laid down by the Medical Board, from which he does not feel himself at liberty to depart, and he adds, moreover, that he would never think of recommending sick leave to an Officer, who calls for his attendance; but that, should his treatment not prove successful, he would then recommend him for leave on sick certificate. He further states that in a few days he hopes to report Mr. Hawkins fit for duty.

Report of the Civil Auditor.

The Civil Auditor has the honor to report that under Sec. III of the Uncommenced Service & Absence Rules leave of absence with retrospective effect is allowable only in cases of severe illness attested by a formal Medical Certificate. Mr. Hawkins would appear to have been absent from the 15th September 1857 under the privilege leave granted to him by Colonel Baker on the 26th idem, and which was stated should commence from the 15th. Under the rules, Mr. Hawkins must be considered absent under Medical Certificate from the 15th September 1857 to the 9th January 1858. From the Copy of the Medical Certificate furnished by Dr. Blackwell, it is clear that Mr. Hawkins was really ill from 14th October 1857 to 9th January 1858. Under the Notification

of the 23rd March 1855. the Civil Auditor would be precluded from forwarding the present application to Government, on account of the informality of the Medical Certificate. But as Lieutenant Vertue in his letter to the Chief Engineer dated 8th June 1850, has given the reasons of Dr. Blackwelder's refusal to give a Medical Certificate in the form prescribed by the rules, the Civil Auditor believes that he is acting according to the spirit if not according to the letter of his instructions in forwarding the application in its present form. Mr. Hawkins is eligible under these circumstances to leave of absence retrospectively from the 15th September 1857 to 31st January 1858 under Sections III, IV and V of the Unconvenanted Service Absence Rules.

vide para 27 of
Chap. III of the
Civil Audt. Manual

2. The Civil Auditor begs to point out that this is not the first instance of an Officer suffering considerable inconvenience from the scruples of his Medical Attendant to furnish a formal Medical Certificate. In the case of Messrs Mooner, Ally Sahib, Moofee Suddi, Ameen in the Civil Court at

at Honore who proceeded to Mangalore on account of illness Dr. Williams the Zillah Surgeon declined to grant a Medical Certificate on the ground, that he saw no reason for a temporary change of air while he admitted that he was unfit for duty, and hence that he was unable to grant a Certificate in the form required by Sec. IV of the Unconvenanted Service Absence Rules; and in consequence the Officer has been without salary from the 25th November to the 18th December last up to the present date. Dr. Williams in the case of Mr. Querear Machado (vide the Civil Auditor's report of this date No. 531) while admitting that he was from ill health unfitted for work and professionally attended him during the time for which leave was applied for, has yet at the time declined to grant a certificate on the strength of which the Querear might

conscientious scruples" to grant the requisite
Certificate as exceedingly thread bare." It
appears to the Civil Auditor that much conve-
-nience and personal inconvenience would be
prevented by a simpler form of Certificate
being required for petty periods of absence, which
the Director General of the Medical
Department might be called upon to prepare
for submission to the Government of India.
