Read the following Letters.

No. 143. From Lieutenant-Colonel CUTHBERT DAVIDSON, Resident at Hyderabad ; to the Chief Secretary to Government, Fort Saint George, dated Hyderabad Residency 7th October 1858, No. 2303.

SIR,

I have the honor to acknowledge the receipt of your letter of the 2nd Instant No. 2038 with its enclosure, and to express my regret that the instructions contained in the 3rd para. of Government Resolution No. 2036, dated the 2nd October 1858, were issued without previous reference to the Government of India, as the dissensions and misunderstandings which have lately taken place between the Public Works Department and Military authorities at Hyderabad deprecated in the 1st para. were definitely settled by the issue of the new Code in the P. W. D. which only required to be strictly adhered to, when matters promised to work smoothly and efficiently, whereas now all former controversy and misunderstanding will most probably be continued.

2. Till instructions are issued by the Government of India altering those that have lately emanated from that authority I have to request that the Madras authorities serving in the Hyderabad Territory may be directed to strictly adhere to the provisions of the new Code, otherwise the public interests must inevitably suffer.

lations into the Cantonment of Secunderabad and to solicit instructions with reference to the Residents prohibition of my direct correspondence with the Chief Engineer of Hyderabad, and the stoppage by Colonel Davidson's orders of works ordered by the Madras Government to be carried on.

Letter from Lieutenant-Colonel C. DAVIDSON, Resident at Hyderabad ; to the Chief Engineer of Madras, dated Hyderabad Residency, 12th October 1858, No. 2322.

within the last few days from the Chief Engineer Madras, and I request I may be favored with the Resident's Orders as to their disposal.

2. By the provisions of the new Code, the requisition for a sentry box to the Trimulgherry Hospital Gate, and the repairs to Cavalry lines &c. should be made by the Officer Commanding Hyderabad Subsidiary Force to the Executive Engineer, and the work should be carried out under the Resident's sanction.

3. In the above two instances, the requisitions have come from the Chief Engineer Madras to this office, with the sanction of the Government of Madras.

4. The orders regarding the Cantonment roads are also at variance with the provisions of the new Code, as it is there distinctly laid down that all Station roads shall be under the control of the Executive Engineer.

Letter from Captain A. R. THORNHILL, first Assistant Resident, Hyderabad; to Captain J. MICHAEL, Assistant Chief Engineer of Hyderabad in charge Chief Engineer's Office Bolarum, dated Hyderabad Residency, 12th October 1858, No. 2321.

3. The Estimates for the works alluded to in your 2nd para. should therefore only be attended to, when prepared according to requisitions received by you through the channel laid down in the code above mentioned.

4. A copy of this letter will be forwarded for the information of the Chief Engineer Madras with a request he will discontinue addressing you except thro' the medium of the Resident's Office.

No. 145. ORDER THEREON, No. 2269; dated 27th October 1858.

Ordered that the letters above recorded do lie over pending the receipt of a reply to the letter to the Government of India, dated 2nd October 1858, No. 2037 on the subject. That Government have been informed by Telegraph on the 19th Idem, that the Resident at Hyderabad will not allow the Chief Engineer of that Territory or his Assistant to correspond with the Chief Engineer at Madras on works in the Secunderabad Cantonment and that public business is therefore at a stand.
