No. 3569.

Extract from the Minutes of Consultation, 5th October 1858.

*Read letter, from the Acting Assistant Quarter Master General of the Army, 2nd July 1858,
No. 322; to the Secretary to Government, Military Department.*

The house hitherto in use has been burnt down.

Read letter from the Officiating Chief Engineer, 20th September 1858, No. 3317; to the Secretary to Government, Public Works Department.

With reference to Extract Minutes of Consultation, No. 1053, dated 3rd June 1858. I do myself the honor to submit for the consideration, approval and orders of Government, a standard design for Public quarters for Warrant Medical Officers.

10.

3. The cost of constructing one of these buildings would, according to the rates prevailing at the Presidency, amount to Rupees 3,400, and as 40 is stated to be required, the aggregate cost would be Rupees 1,36,000, but as the rates in the out-stations are in some respects lower, I consider it possible that the total expense will be about Rupees 1,20,000, from which however should be deducted the probable expense (viz.) Rupees 13,600, of constructing the 4 quarters in the Pegu Division.

From the Quarter Master General, Ootacamund, 10th August 1858, No. 190; to the Officiating Chief Engineer.

I am directed by His Excellency the Commander-in-Chief to say that he considers the reduced Plan for Apothecary's Quarters amply sufficient.

* There is a Plan marked as "*standard received from the Quarter Master General*" I am not aware that I ever sent the Chief Engineer any Plan of the sort, pray be so good as to inform me on this point.

Referred to the Military Department for consideration.

(A true Extract.)

(Signed) T. PYCROFT,
Chief Secretary.

Government approve of the standard design for Warrant Medical Officer's Quarters submitted in the foregoing letter, and authorizes the Plan and Estimate being lithographed and circulated as proposed in Para. 2, of the Chief Engineer's letter 20th September 1858.

(True Extract and Copies.)

S. P. Marsh
Acting Secretary to Government.

To the Department Public Works, with Plans and Estimate. *420 Blue Copies.*
