Fort Saint George, Public Works Consultation of 5th November 1858.

No. 39. Read the following letter from Lieutenant-Colonel E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 25th October 1858, No. 4833.

SIR,

With reference to Extract Minutes Consultation No. 269, of the 16th February 1858, I do myself the honor to submit for the orders of Government, the accompanying revised Plan and Estimate amounting to Rupees (1,700) one thousand and seven hundred, for constructing a Police Cutcherry at Chicacole together with copies of letters from the Collector and District Engineer Ganjam reporting on the building.

1 Copies of letters viz.
Letter from Collector of Ganjam No. 380, dated 21st September 1858.
Letter from District Engineer No. 221, dated 16th September 1858.
1 Plan.
1 Estimate.

Letter from G. S. FORBES, Esq., Collector of Ganjam; to Major E. LAWFORD, Officiating Chief Engineer, dated Chatterpore, 21st September 1858, No. 380.

SIR,

I have the honor to forward a revised Plan and Estimate &c. for constructing a Police Cutcherry at Chicacole, at a cost of 1,700 Rupees, prepared by the Acting District Engineer and request the favor of your obtaining sanction for its construction.

The necessity for a new Cutcherry was explained in Mr. Knox's letter of the 26th December last. I have also seen the place myself and am aware of the urgency of the case.

Letter from Captain E. H. HARRINGTON, Acting District Engineer, Ganjam; to the Chief Engineer, dated Chicacole, 16th September 1858, No. 221.

SIR,

I have the honor, in reply to your letter No. 3098 of 25th August 1858, to forward a revised estimate Rs. 1,700 for a Police Cutcherry at Chicacole. The plan is the same as that which has lately been approved in the Central office, for a similar building at Aska, which has been sanctioned for insertion in Budget of 1859-60, in Government Extract Minutes Consultation No. 1541 under date the 5th August 1858. The Principal Assistant Collector at Chicacole has examined with me the details of the proposed building, and considers the plan well adopted to the requirements of the Police. The present building is a wretched place, built chiefly of mud, and as stated in Mr. Knox's letter to Government No. 191, 26th December 1857, "is in a most dilapidated and dangerous state."

I therefore beg to forward the Estimate, for insertion in next years Budget, though I would recommend its immediate execution on emergency, as in so large a place as Chicacole there should be a proper Government building for Police and Revenue business, Prisoners, Stores, Cutwal's Department &c.

The Treasure is kept in the Principal Assistant Collector's Cutcherry.

The papers are forwarded through the Collector.

No. 40. ORDER THEREON, No. 2317; dated 3rd November 1858.

Referred to the Judicial Department for consideration with reference to Extract Minutes of Consultation in that Department dated 28th January 1858, No. 149.
