Fort Saint George, Public Works Consultation of 7th December 1858.

No. 64. Read the following Extract from the Minutes of Consultation in the Military Department, dated 26th November 1858, No. 4292.

Read the following Extract from the Minutes of Consultation in the Public Works Department.

Referring a letter from the Officiating Chief Engineer forwarding Plans and Estim tes amounting to Rupees 57,000 for an Hospital for the Detachment of European Infantry and Artillery, proposed to be stationed at Vellore. } (Here enter 19th November 1858, No. 2445.)

Approved for entry in the Budget for 1859-60.

(Signed) H. MARSHALL, Colonel,
Dy. Secretary to Government.

No. 65. ORDER THEREON, No. 2609; dated 3rd December 1858.

Ordered to be communicated to the Officiating Chief Engineer with reference to his letter, dated 10th November 1858, No. 5273, with an intimation that the estimate of Rupees (57,000) fifty seven thousand, for an Hospital for the Detachment of European Infantry and Artillery, proposed to be stationed at Vellore will be entered in the Budget of 1859-60, in the Government Office.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.

PUBLIC WORKS DEPARTMENT.

Military.

No. 2445.

Extract from the Minutes of Consultation under date the 19th November 1858.

Read the following letter from Lieutenant Colonel E. LAWFORD, Officiating Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 10th November 1858, No. 5273.

SIR,

In continuation of my letter, No. 4162 of the 1st Ultimo, I have the honor to forward for the approval of the Right Honorable the Governor, and for entry in Budget 1859-60, the enclosed Plans and Estimates, amounting to Rupees (57,000,) fifty-seven thousand, for an Hospital for the Detachment of European Infantry and Artillery, proposed to be stationed at Vellore.

2. The Hospital provides 63 Cots in the sick Wards, 40 for Male and 23 for Female Patients (including Lying-in-Wards) with necessary accommodation for Apothecary and Nurse on the Upper Story, adjacent to the sick Wards, the Hospital Serjeant's Quarters, Surgery, Store, and Dissecting rooms, &c. being on the Ground Floor; all necessary Out-Offices are also provided.

3. Ample provision has been made for thorough ventilation both in the upper and lower Stories, as you will observe on reference to the Plan.

4. This estimate as compared with Bellary, may perhaps at first sight appear somewhat high, but it is not so in reality as in the one case (Bellary) the material used for building was Stone in Chunam, at a cost of 1 Anna per cubic foot; and in the other Brick (the only material procurable at a reasonable cost) and Chunam at 1-8 per cubic foot.

5. This estimate has been carefully prepared in the Central Office, and the rates (the same as those for the Barracks) allowed are those current in the District.

Referred to the Military Department, with reference to Extract Minutes Consultation in that Department, dated 19th October 1858, No. 3750.

(A true Extract.)

(Signed) W. H. BAYLEY,
Acting Secretary to Government.

To the Military Department with 4 Original Enclosures.
