SIR,

The Executive Engineer Chingleput has just finished a wash house for the use of the Families 1st Madras Fusliers residing in No. 4 Barracks; it is a very inexpensive building covered with Kadjan leaves, but answering the purpose admirably, if a similar building were erected as a Privy, it would add much to the comforts of the Families, who now have to wander to great distances for shelter which is a constant source of complaint on their part. I have the honor to urge the necessary requisition may be made for the erection of a building of the kind named, as soon as possible.

Communicated to Department of Public Works, with instructions to provide the required temporary accomodation without delay.
