I beg to bring to your notice, that the Overseer is not likely while enjoying such health, to be any use to me in his work for some time at least; and as since he joined me, he has not done a days work, I have the honor to request, that if practicable, you will place another Overseer under my orders in his room.

Sir,

I have the honor to bring to your notice, that Conductor James of the Department Public Works, is suffering from the effect of a stroke of the palsy, received in October 1855; his mind is at present quite

quite unhinged, so that I am obliged to keep him in Hospital; he is not likely to be fit for duty for some time; at least it would be highly inadvisable he should expose himself in any way to the sun's rays during the hot season.

From, The Officer in charge of the Central Office of P.W.D.

To, The Secretary to Government P.W.D.
Sir, the Military Auditor General.

I have the honor to forward for submission to the Right Honorable the Governor in Council, an application accompanied by a Medical Certificate, for leave of absence on behalf of Overseer James, from the 22nd February to the 1st August 1858. Mr James was on sick leave from the 1st July to 31st December 1857, and almost immediately after joining the Chingleput District, he again suffered so severely from the effects of the Sun, as to be altogether incapable of performing any duty, and so he has continued. It is in my opinion more than doubtful, whether Overseer James will ever be fit for the active duties of this Department, and as the requirements of the Chingleput District.

Enclosed I
copy of letter from
the District Engineer
Chingleput 27/3/58
dated 22nd February 58
with 10 enclosures.
1 Medical Certificate.
