To
The Acting Secretary of Government

Fort Saint George

Sir,
I have the honor to acknowledge the receipt of your telegram dated 1st June received this afternoon. I have made immediate arrangements with Mr. Fair, that we should proceed to have chimney put in and then as early as soon as he can start, as it is important that he also should see what was intended, so that he may be able to make arrangements for carrying out the work at once, if sanctioned by Government.

2. Meanwhile I received from the Chief Engineer, orders to investigate charges made against Captain Campbell by his late Accountant, and have made over to him the Petition in order that he may consider and prepare his reply; the days of my absence should give him ample time to do this, and on my return, I will examine them and the books with a view to discovery.

the truth, as far as I can without the
aid of a professional accountant.
3. I should think four days would suf-
fice for my examination, but it is not
easy to say beforehand what time
may be required in the branch. I
expect to return here from the Amara
military base on the 15th instant, and if
the Government think that the in-
vestigation of Captain Campbell's accounts
which I have been ordered by the
Chief Engineer to undertake, will keep
me too long from the Central Office,
it will be necessary for me to hand over
the papers to anyone else whom they
might wish to appoint.
4. I shall bear in mind that no
extra delay is to take place in
my standing for Chadra, after in-
specting the base, in regard to writing
for the completion of the account of the
district, but as the terms of this order
approximate variance with the order
for the investigation referred to above
which would necessarily cause some
delay, I respectfully request distinct
instructions on the point.
I should remark, that in view
of the base and base, remaining in the

at the base, and settling the district
accounts in the interim, might still
be expected to reach Chadra
at the end of the present month.
