Fort Saint George, Public Works Consultation of 9th April 1858.

No. 52. Read the following letter from Colonel C. E. FABER, Chief Engineer ; to H. FORBES, Esq., Acting Secretary to Government, dated 12th March 1858, No. 8063.

SIR,

With reference to Extract Minutes Consultation No. 391, dated 5th March 1858, I have the honor to state that the appointment of Mr. Sage therein quoted makes no difference whatever in the circumstances of the Tinnevely District, as Mr. Sage will not be removed from the Kistnah Division where he is now serving, and Lieutenant Oakes has certainly no available means for investigating the important and difficult subject alluded to, which I trust therefore may be struck out of the list of unanswered references.

No. 53. ORDER THEREON, No. 610 ; dated 8th April 1858.

On referring to the List of unanswered references for the 2nd half of 1857, submitted by the Chief Engineer, the Government observe that the order of the 26th May last, No. 1004 is not included in it, and the object of the Chief Engineer's request that this order should be struck out is therefore not apparent. As Mr. Sage is not to be removed from the Kistnah Division, the Project for an embankment across the Tambrapoornny may be abandoned for the present.

(Signed) H. FORBES,
Acting Secretary to Government.

With reference to P. M. O.
N. 391, dated 5th March 1858, I have
the honor to state that the appoint-
ment of Mr. Sage therein quoted
makes no difference whatever in the
circumstances of the Financially Dis-
tress, as Mr. Sage will not be re-
moved from the Madras Division
where he is now serving, and
Lieutenant Baker has certainly no
available means for investigating
the important and difficult subject
alluded to, which I trust therefore
may be struck out of the list of
unanswered references.

of unannounced reference for the
23 last of 1859 submitted by the
Chief Engineer, the Department
advised that the order of the 20th
May last at 10.00 is not intended
in it, and the object of the Chief
Engineer's request that that order
should be struck out is therefore
not approved. As the change
is not to be removed from the
Technical Division, the request
for an amendment being
the Engineering may be
submitted for the present.
