Fort Saint George, Public Works Consultation of 9th April 1858.

No. 82. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 19th March 1858, No. 8231.

SIR,

With reference to Extract Minutes of Consultation No. 459 dated 13th Instant, I have the honor to submit transcript of a letter received from Colonel Atkinson, No. 82, dated 1st Idem, and to request that I may be favored with instructions, as to whether requisitions of a similar nature to that preferred by the Municipal Commissioners, for the clearance of weeds forming in the River Cooum, are in future to be attended to by the Civil Architects Department, my own opinion being in favor of the non liability of latter.

Letter from Colonel W. H. ATKINSON, Civil Architect Presidency Division; to Colonel C. E FABER, Chief Engineer, dated Pantheon Road, 1st March 1858, No. 82.

SIR,

With reference to Extract from your Proceedings No. 7683, dated 26th Instant, I have the honor to state, that no requisition ere this, for removing the weed from the Surface of the Cooum River, to my knowledge was made on the Department of Public Works.

No. 83. ORDER THEREON, No. 626; dated 9th April 1858.

As it would appear that the Cooum is to be cleared from weeds, not for any Engineering purpose but on account of their insalubrity, the Right Honorable the Governor in Council is of opinion that the duty is one which belongs properly to the Municipal Commissioners and should not be performed in future by the Civil Architect.

(Signed) H. FORBES,
Acting Secretary to Government.
