Fort Saint George, Public Works Consultation of 9th April 1858.

No. 99. Read the following Extract from the Minutes of Consultation in the Judicial Department, dated 29th March 1858, No. 417.

Read the following letter from Colonel J. C. BOULDERSON, Commissioner of Police; to T. PYCROFT, Esq., Chief Secretary to Government; Fort Saint George, dated 22nd March 1858, No. 35.

SIR,

With reference to the order of Government, dated 6th March 1858, No. 300 Judicial Department; referring for my opinion and report, the letter from the Municipal Commissioners, submitting the suggestion of their Civil Engineer for the purchase of the house marked A in his plan,* for improving the road by the Police Tannah and Inspector's Quarters, now under construction in Washerman's pettah; I have the honor to state that I fully concur in the recommendation of the Municipal Commissioners and their Engineer, that the Cattle Pound may with advantage be abandoned, and a new one constructed close to the new Tannah, but at the same time I am of opinion that the whole of the expense involved in the proposed improvements should be paid from the Funds at the disposal of the Municipal Board.

1. In their letter of 23rd February last, the Municipal Commissioners recommended that, as suggested by their Civil Engineer, the house adjoined the Police Tannah and Inspector's Quarters, now being erected at Washerman's pettah should be purchased, the materials sold and so much of the ground required for improving the road be taken up and paid for by them and the rest converted into a Cattle Pound in lieu of the one, also to be sold, inconveniently situated on the opposite side of the road. In the event of the Government approving this proposal, the Commissioners offered to carry it into effect, without putting them to any expense beyond the cost of constructing the new Pound.

2. In the letter recorded above, the Commissioner of Police, expresses, in reply to a reference made to him, his concurrence in the recommendation of the Municipal Board, but is of opinion that the whole of the cost should be borne by them.

3. In this view the Right Honorable the Governor in Council concurs, and authorizes the Municipal Board to carry out their proposal, provided the expenses therein involved are met out of the Municipal Funds.
