Fort Saint George, Public Works Consultation of 13th April 1858.

No. 48. Read the following letter from Colonel C. E. FABER, Chief Engineer ; to H. FORBES, Esq., Acting Secretary to Government, dated 24th March 1858, No. 8417.

SIR,

I have the honor to subjoin the following Extract from the General Observations of Lieutenant S. Stewart, Acting District Engineer of Cuddapah, for the month of February 1858, under date the 5th Ultimo.

"The Sub Overseer A. Kistna Row, who is now employed in this Talook, is a most useless man, and thoroughly inefficient as a servant of Government. I have no hesitation in expressing myself thus freely as to his qualifications, or rather his want of them, both from what I myself saw of him, and from what I heard from Mr. Leggatt. His salary is I may almost say, "thrown away."

2. The latest Confidential Report on A. Kistna Row the same Sub Overseer, 2nd Class 3rd Grade, runs in the following words.

"A. Kistna Row. Worse than useless. A Brahmin, and a thorough one in spirit. He is "a clog on whatever talook he is placed in."

3. I deem it my immediate duty to apprise the Government, that one of the public servants of the D. P. W., in the Cuddapah District, is thus reported on by the District Engineer, and to recommend that His Lordship the Governor in Council may be pleased to direct the removal of Sub Overseer A. Kistna Row from the Department.

No. 49. ORDER THEREON, No. 660 ; dated 13th April 1858.

Before acceding to the recommendation contained in the above letter, the Government wish to be informed of the situation held by Kistna Row previous to his appointment to the Sub Overseer-ship.

(Signed) H. FORBES,
Acting Secretary to Government.
