Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq.,
Acting Secretary to Government, dated 19th March 1858, No. 8263.

SIR,

With reference to Extract Minutes Consultation No. 59, dated 13th January 1858, I have the honor to state, that although on the 3rd Ultimo, No. 7157, I applied to the Quarter Master General, for detailed information respecting the Estimate required for Public Buildings, and the class of Hospital to be erected at Vellore, I have not been favored with any reply, and am therefore unable to supply the estimates. It may perhaps be within the power of Government in the Military Department, to supply me with the further instructions necessary, for the information and guidance of the D. P. W. without awaiting further the replies from Army Head Quarters.

Ordered to be communicated to the Military Department with reference to Extract Minutes of Consultation in that Department dated 22nd December 1857, No. 4673, in view to the information solicited by the Chief Engineer, respecting the public buildings and the new Hospital to be erected at Vellore being supplied.
