MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

Proc. Dec. 4. 1858.

G.O. No.	730	Press Mis.
122-123 Dated	20-4-	1858

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 20th April 1858.

No. 122. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 25th March 1858, No. 8448.

SIR,

1 Plan.
1 Estimate.
1 Copy of letter from the District Engineer Kistnah, No. 169 dated 22nd February 1858, with one enclosure, viz.
1 Do from Collector of Masulipatam No. 11, dated 6th February 1858.

With reference to Extract Minutes of Consultation under date the 29th June 1857, No. 1261, I have the honor to forward for submission to Government, the accompanying Plan and Estimate for a Civil Dispensary, proposed to be constructed at Masulipatam, which have been prepared by the District Engineer in communication with the Collector and Zillah Surgeon, and approved of by the former.

2. Lieutenant Chambers and the Collector explain, in the letters of which copies are herewith forwarded, and I further learn from Captain Orr. that the delay in submitting this estimate has arisen from the Zillah Surgeon withholding his approval of the design, which was not in his opinion extensive enough to afford the accommodation required at Masulipatam.

3. The plan is a standard one somewhat enlarged, and on the estimate being examined in this office it appears that the building could not be made more capacious without increasing its cost far beyond the limit fixed by Government, as the rates are the lowest on which substantial and permanent work can be performed.

4. Under these circumstances, I recommend sanction being given to the estimate, amounting, after correction, to Rupees (6,950) six thousand, nine hundered and fifty, the inhabitants, it is understood, being ready to contribute Rupees 300 of that sum.

5. The building itself being calculated to cost Rupees 6,950, there will remain for the purchase of the ground, or other contingencies, Rupees 1,050, if Government grant Rupees 5,000 as it was prepared to do in June 1857.

Letter from Lieutenant O. W. CHAMBERS, Acting District Engineer, Kistnah Division; to Colonel C. E. FABER, Chief Engineer, dated Bezoarah 22nd February 1858, No. 160.

SIR,

1. With reference to your Assistant's letter of the 16th Instant No. 7435 calling upon me to report the progress made in the preparation of the Plan and Estimate of the contemplated Dispensary to be erected at Masulipatam and also to furnish an explanation of the delay that has occurred in supplying the same. I have the honor of stating. First, that the Plan and Estimate have this day been despatched to the Central Office and secondly, that the cause of the delay in their preparation is due to the Collector and the Civil Surgeon not having been able to come to any accord on certain matters of detail in the construction of the proposed building.

2. On the 6th Instant Mr. Knox as appears from the accompanying copy of his letter gives his sanction to the plan now submitted to you.

3. The estimate amounts to 6,950 Rupees, leaving a sum of 1,080 Rupees for the purchase of the site for the buildings.

Letter from T. J. KNOX, Esq., Acting Collector of Masulipatam; to Lieutenant O. W. S. CHAMBERS, Acting District Engineer, Kistnah Division, dated Masulipatam, 6th February 1858, No. 11.

SIR,

1. I regret that your predecessor's letter dated 15th September 1857, should have remained so long unanswered.

2. The truth is, it is impossible to provide a Hospital such as would please the Civil Surgeon with the money at our disposal, and I therefore am ready to agree to the plan I now return.

No. 123. ORDER THEREON, No. 730; dated 20th April 1858.

Ordered to be communicated to the Public Department with reference to Extract Minutes of Consultation in that Department, dated 17th June 1857, No. 810.

(Signed) H. FORBES,
Acting Secretary to Government.
