<i>127/30</i> Dated	20.4.	1858.

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 20th April 1858.

No. 129. Read the following letter from Major E. LAWFORD, Superintending Engineer Southern Circle in charge Central Office of Public Works; to H. FORBES, Esq., Acting Secretary to Government, dated 1st April 1858 No. 8699.

Sir,

The very great inconvenience and delay which often attend the disposal of general questions in the Department Public Works, oblige me to address you on the subject of the Office Furniture required by the District Engineers and as it is a matter of some difficulty to properly arrange at present for the permanent office requirements of each district. I do myself the honor to request, that you will obtain for the Head of this Department the sanction of Government, to authorize the District Officers to procure and make the furniture shewn in the classified list marginally* entered, and to pass the Bills for the same when transmitted to the Central Office.

No. 130. ORDER THEREON, No. 734; dated 20th April 1858.

In the letter above recorded, the Superintending Engineer Southern Circle in charge of the Central Office, requests that the Head of the Department may be permitted to authorize the District Officers to procure and make certain furniture required for their Offices, and to pass the bills for the same.

2. The Government observe that the Financial Resolution of the 26th January last, No. 46, communicated to the Chief Engineer with Extract Minutes of Consultation of the 15th February following, No. 260, vests in the heads of Departments power to sanction estimates for petty charges to the extent of 100 Rupees. In the case of Office furniture required for the use of the District Engineers, the Chief Engineer should obtain from them estimates of the value of the articles required. Should the cost in each case be below 100 Rupees, the Chief Engineer can under the above Resolution sanction it, but should it exceed that amount he will submit it for the sanction of Government. In pursuing this course, the Government think, no difficulty ought to be experienced in the Central Office.

(Signed) H. FORBES,
Acting Secretary to Government.

From the Superintendent Engineer
in charge Central Office of S.S.
The Secretary to Government
Public Works Department

The very great inconvenience and
delay which often attend the disposal of
general questions in the D.P.W., oblige me to
address you on the subject of the Office turni-
ture required by the District Engineer, and
as it is a matter of some difficulty to properly
arrange at present for the permanent office
requirements of each district, I do myself the
honor to request that you will obtain for the
Head of this Department the sanction
of Government, to authorize the District
Engineer to procure and make the provisions
shown in the classified list marginally sub-
joined to pass the Bills for the same when

transmitted
