No. 24. Read the following letter from Major E. LAWFORD, Superintending Engineer Southern Circle in charge of Central office of Public Works; to H. FORBES, Esq., Acting Secretary to Government, dated 15th April 1858, No. 9033.

SIR,

With reference to my letter No. 8801, dated 8th April 1858, I have the honor to forward copy of a communication from the Board of Revenue on the subject of the Government Garden at Porayaur near Tranquebar, which will at once be communicated to the District Engineer of Tanjore as I am entirely unacquainted with the Collector's views for placing the Engineer Workshops in the Fort of Tranquebar which has hitherto been exclusively occupied by the Revenue Department.

2. I shall not fail to report to Government the wishes of the District Engineer as soon as they are made known.

Extract from the Proceedings of the Board of Revenue, dated 14th April 1858, No. 1281.

In Con. 14th April 1858. Read letter from the Acting Collector of Tanjore, dated 12th March 1858.

(Here enter No. 52.)

The Acting Collector's letter above recorded furnishes sufficient grounds for allowing the present arrangement to remain undisturbed. The garden being now under rent yields an annual profit of 118 Rupees instead of being a source of expense, and as long as the use of the house is in no way interfered with there can be no objection to the plan. Should the renter hereafter take advantage of his position to offer any annoyance to the Engineers Establishment it will be desirable, the Board think, to dispose of the property and locate the Workshop in the Tranquebar Fort as Mr. Phillips recommends.

2. A copy of these Proceedings will be furnished to the Chief Engineer. The Board regret that they have not felt at liberty to further his views in this matter.

Read Letter from the Collector of Tanjore dated 7th April 1858

A.C. No. 452

The Secy. to Govt. requests the Collector to ascertain and furnish sufficient grounds for allowing the Amount of Contingencies to remain undistributed.

The garden house now under construction is annual charge of 118 Rupees instead of being a source of expense and no charge on the income of the Land is in any way interfered with the Same can be no objection to the Amount. Should the new Assistant Master require additional accommodation he can offer any convenient site for the Erection to the Collector who will decide whether it will be desirable, the Board think it to dispose of the Application.

The Board of Revenue are requested to Submit to Government the letter from the Collector of Tanjore referred to in their Proceedings of the 14th Instant No. 1281.-

Mr. Phillips to recommend.

2 A copy of these Proceedings will be furnished to the Chief Engineer.

In con. 14th April 1858.

Read letter from the Asstt Collector of Tanjore, dated 12th March 1858.

(H. C. No 52)

The Asstt Collector above recorded furnishes sufficient grounds for allowing the rent arrangements remain undisturbed. The garden being now under rent yields a annual profit of 118 Rupees instead of being a source of expense, and as long as the rent is so high as it is no one will enter into it. The Asstt Collector further observes that the Engineer Establishment should be removed from the garden, as the Board think it would be desirable to dispose of the property and locate the workshop in the Trangambar Fort.
