Fort Saint George, Public Works Consultation of 28th September 1858.

No. 132. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer ;
to the Secretary to Government, dated 8th September 1858, No. 3463.

SIR,

With reference to Extract Minutes of Consultation No. 1802, dated 3rd September 1858, I have the honor to explain that, the Machinery indented for by this Department was intended for general purposes and to be made available when necessary, for if the distribution is delayed until a particular demand arises the probability is that, the Stores will not reach the Districts in time to be of use, as has been in Nellore and at Jackatalla, and it was to obviate this serious inconvenience, that I proposed to send out as much of our Machinery as possible, which would thus be ready when wanted.

2. If this is not allowed to be done, the great mass of Stores, and Machinery, will not only be of no use to us, but must continue to encumber the Arsenal of Fort Saint George.

3. Storekeepers are allowed in all Districts; the office rent should enable District Engineers to provide cover and security for their Machinery, and on the whole it appears to me that, Government will be saved a great deal of unnecessary trouble by the arrangement.

4. I shall however not submit any more indents, except for specific purposes unless so instructed.

No. 133. ORDER THEREON, No. 2011; dated 28th September 1858.

Ordered that the foregoing letter be recorded.

(Signed) T. PYCROFT,
Chief Secretary.

Central Office of Public Works
Fort Saint George 8th September 1858.

From

The Officiating Chief Engineer.

To

The Secretary to Government
Public Works Department.

"Public"

Sir,

With reference to Extract Minutes of
Consultation N^o 1802 dated 3rd September 1858, I
have the honor to explain that the Machinery
indented for by this Department was intended
for general purposes and to be made available
when necessary, for if the distribution is delayed
until a particular demand arises the probability
is that the stores will not reach the Districts
in time to be of use, as has been in Nellore
and at Jackatallic, and it was to obviate
this serious inconvenience, that I propose to
send out as much of our Machinery as pos-
sible, which would thus be ready when wanted.

2. If this is not allowed to be done,
the great mass of Stores and Machinery will
not only be of no use to us, but must continue
to

to encumber the Arsenal of Fort Saint George.

3. Storekeepers are allowed in all Districts; the Office rent should enable District Engineers to provide cover and security for their Machinery, and on the whole it appears to me that, Government will be saved a great deal of unnecessary trouble by the arrangement.

4. I shall however not submit any more incidents, except for specific purposes unless so instructed.

I have the honor to be
Sir,

Your Most Obedient Servant

Lacordaire Major

Officiating Chief Engineer.

Central Office of P.M.
Fort Saint George
