*Proceedings of the Madras Government Public Works Department,
from 30th April to 3rd May 1859.*

No. 65. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 30th March 1859, No 9153.

With reference to para. 9 of the Extract Minutes of Consultation dated 25th August 1858, No. 1719, I have the honor to submit copy of the Tabular Statement received from the District Engineer of Madura, with his letter dated 12th February 1859, No. 1027, and request that you will be good enough to lay it before Government, with a view to its being transmitted to the Government of India, for confirmation.

The Government will observe that the application involves an excess of 116 Rupees per mensem over the present Establishment maintained at the Paumbem Channel works, the reasons for which have been fully explained in the correspondence noted in the margin.

Letter from Captain J. G. RYVES, District Engineer of Madura; to the Chief Engineer, dated Vadama, 30th March 1859, No. 1027.

I have the honour to submit the Tabular Statement of the permanent Establishment entertained at the Paumbem Channel called for in Extract Minutes Consultation No. 1719 of 25th August 1858.

No. 66. Ordered in consequence that the following letter be dispatched.

From J. D. BOURDILLON, Esq., Secretary to the Government of Fort Saint George; to Lieutenant-Colonel H. YULE, Secretary to the Government of India, P. W. D., dated 3rd May 1859, No. 1031.

I have the honor under the orders of the Honorable the Governor in Council to submit for the sanction of the Government of India a Tabular Statement of the Office Establishment employed at the Paumbem Channel. No part of the apparent increase in the Statement (Rupees 116) will be in reality a new item of expenditure, the whole of the servants in the Statement having hitherto been actually employed and paid at the same rates, partly (Rupees 312) on Abstracts passed by the Civil Auditor and partly (Rupees 116) out of the Estimates for the Channel. The whole are certainly necessary; and this Government have therefore no hesitation in soliciting the usual authority to make the establishment permanent. The object of this application is to get rid of the anomaly of an establishment going on from year to year, paid out of Estimates.

2. I am directed to refer you to Nos. 7 and 8 of the Consultation of this Government dated 13th August 1858 for a full account of the operations on the Paumbem Channel.

*Proceedings of the Madras Government, Public Works Department,
from 30th April to 3rd May 1859.*

of India

Sir

I have the honor
under the orders of the Honorable
the Governor in Council to
submit for the sanction of the
Government of India a tabular
Statement of the Office established
ment employed at the Pamban
Channel. No part of the apparent
increase in the statement (Rupees 116)
will be in reality a
new item of expenditure, the
whole of ^{the} servants ^{in the statement} having hitherto
been actually employed and paid
at the same rates, ~~partly~~
partly (Rupees 312) on ~~in~~
abstracts passed by the Civil
Auditor and partly (Rupees 116)
out of the Estimates for the
channel, ^{the whole are certainly necessary} and this Government
have therefore no hesitation in
soliciting the usual authority
to
