Proceedings of the Madras Government, Public Works Department, from 30th April to 3rd May 1859.

No. 78. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 3rd February 1859, No. 7589.

I have the honor to state, in reply to your Memo. dated the 25th Ultimo, that the Dredge herein alluded to, reached Negapatam on the 27th of August last, the causes which have led to the Apparatus not being brought into use up to the present time, are that same articles belonging to the Vessel were lost and others damaged and broken as reported in Lieutenant-Colonel Lawford's letter No. 3783, dated 17th September 1858, some of the broken articles in question had to be re-cast at the Mint, and Iron to make good the deficiency in the rivets, bolts and plates, had to be indented for on the Arsenal, for the cost of which the sanction of Government was obtained on the dates noted in the margin. The articles sanctioned in the last order just quoted could not be dispatched before the 20th Ultimo, owing to the delay in settling the Stock value of the articles and which had to be effected before they could be issued from the Arsenal. Sanction was granted for making up a spoil Boat on the 14th September 1858, No. 1893, but whether it has been constructed or not the District Engineer has not as yet reported.

E. M. C., No. 2129, 12th Octr. 1858.
E. M. C., No 2156, 13th Octr. 1858.
E. M. C., No. 2528, 26th November 1858.

No. 79. ORDERED THEREON 3rd May 1859, No. 1037.

Ordered that the foregoing letter be recorded.

(Signed) J. D. BOURDILLON,
Secretary to Government.
