*Proceedings of the Madras Government Public Works Department,
from 4th to 10th May 1859.*

Read the following letters.

No. 34. From Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 6th January 1859, No. 6817.

I have the honor to forward, for submission to Government, copy of a letter* from the Acting District Engineer of Tanjore, recommending the consolidation of the salaries of the Store-keeper and Monigar of the Upper Coleroon Annicut, the former of which is Rupees 5½ and the latter Rupees 5½ per month.

2. These persons belong to the old Neeranicum Establishment transferred to the District Engineer's Department and as the arrangement suggested by Captain Moberly would certainly be conducive to the efficiency of the general Department, I beg strongly to recommend it for sanction.

3. The situations are, it seems, vacant at present so that no difficulty exists in making the change.

Letter from Captain F. J. MOBERLY, Acting District Engineer of Tanjore; to Lieutenant-Colonel E. LAWFORD, Officiating Chief Engineer, dated Trichinopoly, 30th December 1858, No. 245.

I have the honor to state, that there are at present one Store-keeper and a Monigar at the Upper Annicut, the former on the receipt of Rupees 5½ and the latter Rupees 5½ per mensem. The Store-keeper has very little to do as there are no Stores of importance at the work, and the Monigar is paid quite inadequately for the responsibility of his charge. Lieutenant Moore, the late Assistant Executive Engineer, in bringing this to my notice lately, has very strongly recommended "that the pay of the two appointments be amalgamated and that a Monigar be appointed on the increased salary of Rupees 10½, as the present pay is inadequate for the responsibility of his charge; this was done with the two Monigars of the Vennaur Head and Grand Annicut some time ago at the suggestion of Colonel Lawford," and as the proposition appears to me to be worthy of consideration, I beg to recommend the same for your sanction.

2. The incumbents of the 2 offices in question were dismissed by me at Lieutenant Moore's recommendation for repeated acts of carelessness, but I propose as they are old servants to re-employ them after some interval of suspension on works of less responsibility.

No. 35. From Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 14th April 1859, No. 9557.

With reference to the Memorandas dated 21st January, 9th February, and 2nd March 1859,

Nos. 104 and 111, dated 2nd and 7th April from the Collector of Tanjore.
No. — dated 25th April 1859 from Captain Lawford with 1 copy of Statement.

I have the honor to submit, for the information of Government, copies of the correspondence noted in the margin, relative to the consolidation of the salaries of the two Monigars of the Vennaur Head and Grand Annicut in the District of Tanjore.

Letter from W. M. CADELL, Esq., Collector of Tanjore; to Captain R. F. OAKES, District Engineer, Tanjore, dated Vellum, 2nd April 1859, No. 104.

In reply to your Predecessor's letter of the 22nd February last, No. 438, I have the honor to inform you that from the records of this Office, it does not appear that any application was either made to the Board or Government, or the formal sanction received for the amalgamation of the salaries of the establishment referred to.

from 4th to 10th May 1859.*

2. From an order issued to the Thasildar of Trivady under date the 30th April 1850, it would however seem, that the alterations suggested in Major Lawford's letter of the 25th Idem No. 219, alluded to in your Predecessor's communication under acknowledgment, were at the time ordered to be carried out.

Letter from W. M. CADELL, Esq., Collector of Tanjore; to Colonel C. E. FABER, Chief Engineer, dated 7th April 1859, No. 111.

With reference to Extract from your Proceedings under date the 3rd Ultimo No. 8283, and the communication of the Superintending Engineer, Southern Circle of date the 30th Idem No. 9137, I have the honor herewith to forward for your information copy of a letter which I have addressed to the District Engineer on the 2nd Instant, in reply to one received from him on the same subject.

2. From this you will observe, that as far as the records of this Office shew, no application was made to the Board or Government, nor does formal sanction appear to have been received for the amalgamation of the salaries of the Establishments at the Vennaur Head and Grand Annicut; but that the alterations recommended by Major Lawford, the then Civil Engineer, were at the time simply carried out.

3. A copy of this Officer's letter on the subject, addressed to the then Collector, Mr. Bishop, as also of its accompaniment are herewith enclosed.

Letter from Captain E. LAWFORD, Civil Engineer, 6th Division; to J. F. BISHOP, Esq., Collector of Tanjore, dated 25th April 1850.

As the new Dams at the Vennaur Head will require a re-arrangement of the Sibbundy for that and the neighbouring works, I have the honor to submit for your consideration, a list, which will, I think, afford an efficient Establishment without entailing increased expense to Government.

Statement shewing the present and proposed Sibbundy of Grand Annicut, Vennaur Head and Atty Amay.

*Proceedings of the Madras Government, Public Works Department,
from 4th to 10th May 1859.*

Memorandum.—The three works to be under the Monigar's charge, who is to live at the Vennaur Head. One Head Cotaus to Vennaur, 1 to Grand Annicut, and 1 to Atty Amay. All Cotaus to act as Cavalgars and to work at the plantations, planting Durbah grass, trifling repairs &c., under such orders as the Collector and the Civil Engineer may give.

Tappal to be kept up as usual between Cusbah and upper Annicut. Cotaus not to be sent beyond Podoochuttrum East, or upper Annicut West, without the Collector's orders. No fresh Cotaus to be employed without the Collector's order, on a report of his being an able bodied man, willing to work.

No. 36. ORDER THEREON, 6th May 1859, No. 1067.

The Government authorize the abolition of the separate Office of Storekeeper of the upper Colleroon Annicut and the addition of the salary of that Office (Rupees 5-4) to that of the Monigar of the Annicut, now (Rupees 5-8) as recommended in the first of the letters above recorded. The future salary of the Monigar will be Rupees 10-12.

2. The similar alteration in the establishment at the Vennaur Head ought not to have been made without authority; and the Government desire that the prohibition against deviations from sanctioned establishments be strictly obeyed.

Secretary to Government.

I have the honor to state, that there are at present one Store Keeper and a Munigar at the Depot, amount, the former on the receipt of Rs 5 1/2, and the latter Rs 5 1/2 per mensem. The Store Keeper has very little to do as there are no stores of importance at the work, and the Munigar is paid quite inadequately for the responsibility of his charge. Lieutenant Moore, the late Assistant Executive Engineer, in bringing this to my notice lately, has very strongly recommended "that the pay of the two appointments be amalgamated and that a Munigar be appointed on the increased salary of Rs 10 3/4 as the present pay is inadequate for the responsibility of his charge; this was done with the two
