Fort Saint George, Public Works Consultation of 18th January 1859.

No. 10. Read the following letter from P. GRANT, Esq., Acting Collector of Malabar; to T. PYCROFT, Esq., Chief Secretary to Government, Trivandrum, dated Calicut, 4th December 1858, No. 139.

SIR,

When at Calicut the Right Honorable Lord Harris requested to be supplied with a Memo of the amount of money laid out on the Wynaad roads within the last few years.

2. The enclosed Statement embraces the expenses incurred within the last 5 years, they amount in the aggregate to Rupees 15,015-3-2, including both Items of new work and repairs.

3. You will observe that the account does not show separately, as I was anxious that it should, the sums laid out on the Ghats as distinguished from those expended on the roads above them.

It appears that the works were executed on estimates framed so as to embrace both portions of the work.

4. Lord Harris in the course of conversation mentioned the lines of road through Wynaûd which he was desirous should be surveyed estimated, and reported on by the District Engineer. Captain Bean has, I am aware, sent one of his Subordinates to commence the work, but as I am not quite sure of the various lines which His Lordship wished to be done, I shall feel obliged by your procuring and forwarding a list of the same.

Statement shewing the expenses incurred in the construction and repair of roads and bridges in Wynaad from 1st January 1852, to 30th April 1857, or 5 years and 4 months.
