To

Lieutenant Colonel Bell
Chief Engineer P. W. D.
Fort Saint George

Sir

In acknowledging the receipt of Extract Minutes Consultation No 1521, dated 27th April 1859, I have the honor to state that one of the Barrack Blocks of which the lower walls are up has been thatched in and used as a Carpenter's Workshop and this building Captain Farewell has suggested should be appropriated as a temporary Officers Mess House.

2. Colonel Bedford having fully approved of this arrangement the place will be cleared out and prepared for occupation by the 15th Decimo.

3. The Mess however will only require half the Block and the other half I propose to allot as a temporary school room and place for Public

Workshop

Waship thus setting free the Barrack Room now used for those purposes and this plan also meets with Colonel Bedford's full concurrence.

4. Thus at a comparatively small expense the requisite provision (temporary) for Mefs. Schools. Library and Public-Waship will be made and the Regiment will have three complete Barracks, besides the Staff Quarters for occupation while the great waste of labor involved in the construction of temporary buildings will be avoided.

5. Copy of this letter has been forwarded to Colonel Bedford for communication to Army Head Quarters.
