*Proceedings of the Madras Government Public Works Department,
from 1st to 10th June 1859.*

No. 30. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer ;
to J. D. BOURDILLON, Esq., Secretary to Government, dated 19th May 1859,
No. 639.

In submitting for the consideration of Government, Plan and Estimate for the construction of a Calingulah to the Kunkalamurroo Tank in the Bauputla Talook of the Guntoor District, I have the honor to recommend that the work may be sanctioned for immediate execution out of the one lac fund, as it appears, from the Memo. by Mr. Sage attached to the Estimate, that although the Ayacut of the Tank is Rupees 12,600, and in a favorable year, such as the last, the Assessment reaches Rupees 8,000, yet, in consequence of the absence of a Calingulah such as is now proposed to be erected, the actual collections have averaged during the last five years only Rupees 2,800.

2. The project is supported by the Collector and appears very necessary for the security of the revenue.

No. 31. ORDER THEREON, 1st June 1859, No. 1343.

The Government request the Chief Engineer to submit the Memo. by Mr. Sage referred to, together with the District Engineer's Report and any others from the local Officers, respecting the proposed Calingulah in the Kunkalamurroo Tank. The Chief Engineer's attention is called to Section VI of the Rules, communicated with Orders of the 18th October 1855, No. 696, prescribing the course to be followed in submitting Estimates to Government.

(Signed) J. D. BOURDILLON,
Secretary to Government.
