*Proceedings of the Madras Government, Public Works Department,
from 1st to 10th June 1859.*

No. 64. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer ;
to J. D. BOURDILLON, Esq., Secretary to Government, dated 27th May 1859,
No. 939.

Adverting to Extract Minutes Consultation, No. 757 of the 31st March 1859, sanctioning certain alterations to the Hospital at Vizianagram, I do myself the honor to submit for the favorable consideration and orders of Government, a Plan and Estimate amounting to Rupees 920 for re-constructing a portion of the compound wall which had been taken down to make way for the additions in question, as well as for building a Privy in lieu of one that would have stood within two or three yards of the Hospital when the improvements were completed, and which it was consequently necessary to remove.

1 Letter from District Engineer of
Vizagapatam No. 1197, dated 28th
April 1859.
1 Plan.
1 Estimate.

2. Lieutenant Vertue does not explain the cause why provision for these works was not made in the original Estimate of Rupees 3,120, but as the works, which are stated to have been suggested by the Inspector General of Hospitals, appear to be very necessary, I beg to recommend that the Estimate amounting to Rupees (920) nine hundred and twenty, may be sanctioned as early as practicable, in order that the work may be performed without dismissing the men at present employed on the alterations at the Hospital, as it would seem, that if once dismissed there would be some difficulty in collecting them again.

No. 65. ORDER THEREON, 4th June 1859, No. 1360.

Referred to the Military Department with reference to the order in that Department dated 18th March 1859 No. 1087.

Referring to Extract Minutes
Consultation No 459 of the 31st March 1859,
sanctioning certain alterations to the Hospital
at Tirunelveli, I do myself the honor to submit
for the favorable consideration and orders of Govern-
ment, a Plan and Estimate, amounting to Rs.
Rupees 920, for reconstructing a portion of the
Compound wall which had been taken down to
make way for the additions in question, as well
as for building a privy in lieu of one that would
have stood within two or three yards of the
Hospital when the improvements were completed,
and which it was consequently necessary to
remove.

Lieutenant Tertre does not ex-
plain the cause why provision for these works
was not made in the Original Estimate of
Rupees 3120, but as the works, which are stated
to have been suggested by the Inspector General
