1

*Proceedings of the Madras Government, Public Works Department,
from 1st to 10th June 1859.*

No. 74. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer ;
to J. D. BOURDILLON, Esq., Secretary to Government, dated 31st May 1859,
No. 1114.

I have the honor to submit, for the sanction of Government, the accompanying Estimate amounting to Rupees 580, for repairing the injury done to the Burial Ground at Jackatalla during the late heavy floods at that station.

2. The Estimate has been prepared by the Special Executive Officer at Jackatalla at the request of the Chaplain, with the view to preventing further erosion of the left bank of the Waterloo stream, on which the Burial Ground is situated, for diverting the present course of the stream, by making a new cut in a straighter direction, blasting and clearing away some large boulders of granite which impede the present water-way, causing a reflux of the stream in a heavy flood, and revetting with the stone thus obtained, the foot of the slope of the Burial Ground at the point lately injured.

3. The Estimate has been examined and found correct. I have the honor therefore to solicit early sanction for the amount, viz., Rupees (580) five hundred and eighty.

No. 75. ORDER THEREON, 4th June 1859, No. 1365.

Referred to the Ecclesiastical Department for consideration.

(Signed) W. C. SIM,

Actg. Dy. Secretary to Government.

The Chief Engineer

To

The Secretary to Government

Respectfully

Sir,

I have the honor to submit,
for the sanction of Government, the ac-
companying Estimate amounting to \$80,
for repairing the injury done to the
Burial Ground at Sackataga during
the late heavy floods at that station.

Enclosure 1

Estimate 2

The Estimate has been prepared
by the Special Executive Officer at
Sackataga at the request of the Chaplain
with the view to preventing further
erosion of the left bank of the Watkins
Stream, on which the Burial Ground
is situated, for diverting the present
course of the stream, by making a
new cut in a straighter direction,
blasting and clearing away some
large boulders of granite which
impede the present water way

causing

causing a reflux of the stream in a
heavy flood, and settling with the
stone thus obtained, the foot of the
slope of the Burial ground at the
point lately injured.

3. The Estimate has been
examined, and found correct. I have
the honor therefore to solicit early
sanction for the amount viz \$580
/580/ five hundred and eighty.
