*Proceedings of the Madras Government, Public Works Department,
from 1st to 10th June 1859.*

No. 94. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer;
to J. D. BOURDILLON, Esq., Secretary to Government, dated 21st May 1859,
No. 766.

I have the honor to forward for the consideration and orders of Government, the accompanying Estimate by the District Engineer, Chingleput, for constructing a road from the Mount Road to his Office.

2. Captain Moberley explains that great difficulty is experienced in conveying Stores, &c. to his Office, the present bandy track being in a very bad state; and as the amount of the Estimate is only Rupees (560,) five hundred and sixty, and the proposed connecting road will be a great convenience, I beg to recommend the same for the early sanction of Government.

No. 95. ORDER THEREON, 6th June 1859, No. 1375.

The Chief Engineer will be good enough to explain where the District Engineer's Office is, and how a separate road to it now comes to be necessary. A sketch of the locality should accompany the explanation. Colonel Bell will at the same time submit the District Engineer's letter on the subject.

(Signed) J. D. BOURDILLON,
Secretary to Government.
