*Proceedings of the Madras Government, Public Works Department,
from 1st to 10th June 1859.*

Read the following papers.

No. 104. Letter from Captain C. C. JOHNSTON, Consulting Engineer for Railways; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 30th May 1859, No. 120.

In reply to the Proceedings of Government Public Works Department, No. 1295 of the 28th Instant, calling for my opinion on the alterations to be made in the arrangement for the lines of Rail on the Madras Pier, and noticed in paras. 3 and 4 of a Despatch from the Home Government, I have the honor to observe that I consider the alterations most judicious. The inconvenience occasioned by a break of guage is so great, that it would have been a mistake to have introduced any other than that of 5'-6", ordered for adoption on all Indian Railways.

No. 105. Minute by the Honorable the President, dated 1st June 1859.

The advantage in future years from having the same guage in the Madras Railway and on the Madras Pier seem to me, as they do to Captain Johnston, so obvious that I am not disposed to question his opinion.

2. We ought to look forward to the Mails and Passengers from Calcutta to England being placed at once in the Railway Carriages on the Pier, as they are at Holyhead, in order to their being sent across to be re-shipped at Beypoor. If the present line of the Madras Railway was not selected for this purpose, I cannot imagine why it was chosen.

(Signed) C. E. TREVELYAN.

No. 106. ORDER THEREON, 7th June 1859, No. 1380.

Ordered that the letter of the Consulting Engineer recorded above be communicated to the Chief Engineer, and that the Minute of His Excellency the President on the subject be communicated both to the Chief Engineer and to the Consulting Engineer for Railways.

(Signed) J. D. BOURDILLON,
Secretary to Government.

No. 120. 23

From Captain C. C. Johnston
Consulting Engineer for Railways.

To J. Pycroft Esquire
Chief Secretary to Government
Fort Saint George.
25th Oct. 1859

Sir,
In reply to the Proceedings of Govern-
ment Public Works Department, No. 1295, of the
28th Instant, calling for my opinion on the
alterations to be made in the arrangement for the
lines of Rail on the Madras Pier, and noticed
in paras. 3 and 4 of a Despatch from the Home
Government, I have the honor to observe that I
consider the alterations most judicious. The incon-
venience occasioned by a break of gauge is so great,
that it would have been a mistake to have introduced
any other than that of 5'-6", ordered for adoption on all
Indian Railways.

I have the honor to be

Proceedings of the Madras Government

Under date the 8th ~~May~~ ^{June} 1859

Read the following
letter from the learn-
ing Engineer for Rail-
ways

(How enter 30th May 1859
N^o 120)

Resolved to
call the attention of
the Consulting Engineer
to the fact that the Per
rails are not designed
to extend beyond the low
stone house, and to ask
for his reconsidered
opinion. The likelihood
of inconvenience from
a difference of gauge
depends
The advantage in future
years from having the same
gauge in the Madras Railway
and on the Madras River
seem to me as they do to
Captain Johnston, so obvious
that I am not disposed
to question his opinion.
We ought to look
forward to the mails and
passengers from Calcutta
to England being
placed at once in
the Railway carriages
