G.O. No. <u>1325</u>	Press Mis. <u> </u>
<u>136.37</u> Dated <u>8-6-18</u> 59.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
from 1st to 10th June 1859.*

No. 136. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer;
to J. D. BOURDILLON, Esq., Secretary to Government, dated 3rd June 1859, No.
1211.

I have the honor, with reference to my letter of the 26th of ^{May} ~~April~~ 1859, No. 866, to submit
a letter from the Inspector General of Ordnance and Magazines
1st June 1859 No. 1311, requesting me to address the Government on the subject of re-
lieving his Department of all responsibility with regard to the Tugs in the Tartar and Sourisquois.

2. I quite concur with the Inspector General as the landing of a Tug from the "Tartar" by
the Store Department of my office, and of two Tugs, I believe, from the "Sourisquois" by Mr.
Faulkner under the instructions of the Honorable the Governor through Colonel Cotton is already
going on, and it would not be right now to subject the Ordnance Department to any responsi-
bility for the Machinery.

3. I further recommend in conformity with the suggestion of the Inspector General that
the value of the Machinery may be adjusted entirely by the Engineer Store Department.

No. 137. ORDER THEREON, 8th June 1859, No. 1395.

Resolved accordingly that the Inspector General of Ordnance and Magazines be relieved
from all responsibility connected with the Public Works Machinery on board the "Tartar" and
"Sourisquois."

(Signed) J. D. BOURDILLON,
Secretary to Government.

Sir,
I have the honor, with reference to my
letter of the 26th of ^{May} ~~April~~ 1859, to submit a letter
from the Inspector General of Ordnance and Magazines
requesting me to address the Government in the subject
of relieving his Department of all responsibility with
regard to the Sugs in the Tartar and Sourisquis. —

2. — I quite concur with the Inspector
General as the landing of a Sug from the "Tartar"
by the Store Department of my Office, and of
two Sugs, I believe, from the "Sourisquis" by
Mr. Faulkner under the instructions of the
Honorable the Governor through Colonel Cotton is
already going on, and it would not be right now
to subject the Ordnance Department to any
responsibility for the machinery. —

J

3. I further recommend in conformity with the suggestion of the Inspector General that the value of the Machinery may be adjusted entirely by the Engineering Store Department. —
