MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter :—

From the Inspector General of Ordnance and Magazines, Fort Saint George, 21st May 1859,
No. 85, to the Secretary to Government, Military Department.

I have the honor to acknowledge the receipt of Memorandum No. 1651 dated 7th May 1859, communicating the order of Government No. 1036 dated 3d May 1859, relative to the measures proposed for repairing the works in the Sea face of Fort Saint George, and with reference to para. 3 of the order in which the Home Government are requested to send out a large number of Armstrong Guns, I beg to suggest that application be made also for Specifications and Drawings of the new Ordnance, and that a Drawing of a single Gun with the Carriage be obtained from England before the arrival of the Equipment, in order that such preliminary arrangements may be made as pertain to this Department.

2. Having perused the Memorandum of the Commandant of Engineers on the subject of the proposed repairs, I deem it necessary to state, with reference to the remarks contained in the 8th para, that the use of hot solid Shot for Rifled Ordnance, is not in my opinion, practicable.

ORDER, No. 182, 27th May 1859.

Ordered that application be made to the Home Government for the required Specifications and Drawings, and that the foregoing letter be communicated to the Public Works Department.
