*Proceedings of the Madras Government, Public Works Department,

No. 23. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. DBOURDILLON, Esq., Secretary to Government, dated 6th June 1859, No. 1289.

I have the honor to submit for the information of Government, the accompanying Bill for Rupees 96-13-3, received from the District Engineer of Trichinopoly.

2. The first item, viz., Rupees 85-4-0 is on account of certain advances made to Wodders by the late Lieutenant Stover for the Ponairy channel works, but who subsequently deserted their works and could not be found—the next item, viz., Rs. 11-9-3 is the amount reported to be miss-

ing in that Officer's cash-chest, being the difference between the amount found and that exhibited in his accounts as balance remaining on hand. Lieutenant Stover as reported* in April 1856 was suddenly killed by the discharge of his own gun, and the District Engineer has entered the sum in his accounts as irrecoverable; under these circumstances I beg to recommend that the sum of Rupees 96-13-3 be written off to profit and loss.
