No. 37. Read the following letter from Lieutenant-Colonel E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 6th December 1858, No. 6033.

SIR,

Referring to my letter No. 5803, dated 26th ultimo, I do myself the honor to report for the information of Government that in reply to a telegram despatched from this office, I have this morning received one from the Acting District Engineer of Canara, reporting that a Plan and Estimate for the improvement of the Beitkul Harbour after the design of Lieutenant Taylor and not that of Colonel Arthur Cotton will be ready in the course of another week, and I therefore think it would be better to await its receipt before adopting further measures for the preparation of another plan.

No. 38. ORDER THEREON, No. 19; dated 4th January 1859.

The Government approve of the course suggested in the above letter, and request that the Chief Engineer will submit the Plan and Estimate of the Beitkul Harbour as soon as it is received, in order, that if necessary, the instructions issued on the subject to Captain Orr may be countermanded.
