Memorandum

The Chief Engineer has the honor to inform the Secretary to Government P.W.D. in reply to his Memorandum dated the 12th Instant, that the Articles marginally entered were those sent to

Boring Apparatus - 1
Five Ton Cranes - 1
Weighing Machines - 1
Punching ——— 1
Circular Saw Table - 1
Crab Lingle ——— 1
Circular Saw & other Iron Work for wood Saw Table ——— 1

Vellore for use in the North Arcot District and not Madras as stated in the Memorandum of the 12th Instant.

The reason why the Articles being sent by rail was the greater cheapness of that mode of conveyance; for if the Articles in question had been sent by Carts, the Cost to the state would be Rupees 246 Two hundred and forty six, exclusive of packing charges.
