No. 39. Read the following letter from Lieutenant-Colonel E. LAWFORD, Officiating Chief Engineer; to the Secretary to Government, dated 13th December 1858, No. 6257.

SIR,

With reference to para. 2 of Extract Minutes Consultation of the 25th November 1858 No. 2520, sanctioning the substitution of a tiled roof for the present thatched covering of the reading room attached to the European Barracks at Ramandroog, I have the honor to state that the estimate on being examined in this Office is found to be incorrect, and to amount to Rupees (270) two hundred and seventy instead of Rupees (250) two hundred and fifty.

1 Plan.
1 Estimate.

2. This and a case now under investigation where an extensive imposition appears to have been practiced in consequence of the inexactness of an estimate, show the necessity of a strict adherence to the rules laid down by Government being enforced and I would respectfully recommend that no estimate should be received by Government except through this Office.

E. M. C. of 19th July 1856 No. 1217.

No. 40. ORDER THEREON, No. 20; dated 4th January 1859.

The Right Honorable the Governor in Council sanctions the revised Estimate submitted with the above letter, amounting to Rupees (270) two hundred and seventy, in lieu of the one of Rupees 250 sanctioned on the 25th November 1858, No. 2520, out of the one lac fund.

2. Under the circumstance brought to notice by the Officiating Chief Engineer the Governor in Council resolves to call the attention of the Heads of the several Departments to the order of the 19th July 1856, No. 1217 requiring them invariably to send up Estimates for sanction through the Chief Engineer and to rule that no Estimates be received except through that channel.
