Sir,

With reference to Extract Minutes of Consultation No 2234 dated 23rd October 1858, I have the honor to request that you will be good enough to inform me whether it is the wish of Government that Captain Orr should extend his tour beyond the Kurnool District.

2. I make this request in consequence of the Government having declared it to be the Chief Engineers' duty to report the circumstances which render the visit of a Superintending Engineer necessary, and as the Kistna and Godavery Divisions have not been visited

visited by an Officer of that grade since the formation of the Department, it may appear desirable that they should now be inspected.

3 With regard to the Military Buildings at Secunderabad, I do not Know whether Government consider them beyond the range of supervision by the Superintending Engineer, as being under the immediate charge of the Chief Engineer of Hyderabad, who however was also until recently the Executive Officer of the new Barracks.

4. At present the only duties which Captain Orr has been directed to perform on his tour are the inspection of the Kindree Bridge, and the works and accounts of the District Engineers of Kurnool and Bellary, and subject to Government permission the Military Buildings at Bangalore
