*Proceedings of the Madras Government, Public Works Department,
from 5th to 21st October 1859.*

No. 8. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 30th September 1859, No. 5617.

With reference to the orders of Government quoted in the margin, I have the honor to forward the accompanying letter,* from the District Engineer of Chingleput, reporting that no saving can be effected in the estimate for the superintendent's quarters at the light house at Pulicat, and that the cost of the boat can be reduced to Rupees 130.

Marine Department No. 159, dated 29th April 1859, communicated in the D. P. W.
No. 1109 dated 10th May 1859.
* No. 785, dated 6th September 1859.
1 Original letter.
1 Revised abstract estimate.
1 Revised plan.

2. Having reconsidered the plan and estimate for the superintendent's quarters submitted to Government on the 26th March last, No. 9015, I am of opinion that certain accommodation therein provided for may conveniently be omitted, viz., the two side verandahs, and two closets. A revised plan and estimate amounting to Rupees (2,030) two thousand and thirty, have been prepared in this office, and are herewith submitted, making provision for a hall, a bed room, verandahs in front and rear, and a closet in the back verandah, which I consider to be sufficient, and by which a saving of 900 Rupees will be effected. The out-houses stand the same as in the original plan, viz. a cook-room, godown and privy.

3. I have therefore to request that you will obtain the sanction of Government for the entry of the revised estimate, amounting to Rupees 2,030, in the budget of 1860-61, as the limited funds at the disposal of the District Engineer of Chingleput will not permit of its being executed during the current official year, and as the postponement of this work will necessitate the renting of a house at Pulicat for the superintendent, and the means for transport across the lake will in such case be absolutely necessary, I have further to request the immediate sanction of Government to the reduced sum of Rupees 130, being the cost of a boat for the use of the superintendent.

No. 9. ORDER THEREON, 5th October 1859, No. 2377.

Referred to the Marine Department for consideration with reference to Proceedings in that Department dated 29th April 1859 No. 159.

Sir. With reference to the orders of Government quoted in the Margin, I have the honor to forward the accompanying letter from the District Engineer of Chingleput, reporting that no saving can be effected in the Estimate for the Superintendent's Quarters at the Light House at Pulicat and that the cost of the Boat can be reduced to Rupees 130...
2 Having reconsidered the Plan and Estimate for the Superintendent's Quarters submitted to Government on the 26th March last N: 7015, I am of opinion that certain accommodation therein provided for may conveniently be omitted, viz the two side Terraces and two closets. A revised Plan and Estimate amounting to Rupees [2030] two thousand and thirty have been prepared in this Office, and are herewith submitted, making provision for a Hall, a Bed Room, Terraces in

3 I have therefore to request that you
will obtain the sanction of Government for the en-
entry of the revised Estimate amounting to
Rupees 2030, in the Budget of 1860/61, as the

its being executed during the current Official
year, and as the postponement of this work
will necessitate the renting of a House at Pulicat
for the Superintendent, and the means for

duced sum of Rupees 130 being the cost of a
