Subbarao DEPARTMENT. *10/11/57*

G.O. No. <i>2582</i>	Press Mis. <u> </u>
<i>35-37</i> Dated <i>3-11-18</i>	<i>57</i>

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
for the month of November 1859.*

Read the following letters.

No. 35. From Captain H. W. HITCHINS, Civil Architect at the Presidency; to J. D. BOURDILLON, Esq., Secretary to Government, dated 26th October 1859, No. 937.

With reference to your official memorandum, No. 286, dated 21st instant, I have the honor to forward the accompanying statement of expenditure on new works of all kinds, in addition to those entered in the budget statement No. 2 of 1859-60, as therein called for, but as 43,834 Rupees were sanctioned for repairs and as only 17,930 have been expended on that account, it is not possible to say at present whether the amount sanctioned in the budget for this year will be exceeded.

No. 36. From Captain H. W. HITCHINS, Civil Architect at the Presidency; to J. D. BOURDILLON, Esq., Secretary to Government, dated 31st October 1859, No. 956.

In reply to your memorandum, No. 300 of the 29th instant, I beg to inform you, that the works included in the budget and for which only a moiety was sanctioned, are so distinctly placed in the statement I submitted to you, of works ordered during the current year, that I think a most cursory inspection of it will suffice.

2. They are placed at the head of the list and quite separate from the other works.

3. I was not aware and in fact am not now so, of the object for which the statement was required, but presuming it must be in connection with the subject of additional funds being required for this department, I thought it my duty to give every particular.

No. 37. ORDER THEREON, 3rd November 1859, No. 2584.

On further examining the statement received with the Civil Architect's letter of October 26, it is found to contain a number of works stated to be included in the budget of the current year, and yet to have been sanctioned anterior to the close of the official year 1858-59, and even to the final closing of the budget; and other works stated to have been in the budget of 1858-59, and yet not in that of the current year.

X
The statement will be transmitted to the Chief Engineer, together with the correspondence, and with the request that he will submit a revised statement shewing clearly and separately; first, the works under the Civil Architect included in the budget of the present year; second, the works ordered to be executed prior to the 1st May 1859, but not in the budget, with explanation of the reason why they are not in it; third, the works which have been ordered to be executed during the present official year. The Chief Engineer will be requested to submit the statement as early as possible.

(Signed) J. D. BOURDILLON,
Secretary to Government.
