*Proceedings of the Madras Government, Public Works Department,
for the month of November 1859.*

No. 49. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 27th September 1859, No. 118.

With reference to Extract Minutes of Consultation, No. 525, of the 23rd March 1857, I have the honor to solicit the authority of Government, to have coloured, by contract, at a cost of Rupees 500, 50 copies of the outline map for the budget of 1860-61, for the Home Government; this department being too full of work to undertake, and to complete so large a number of copies within the necessary period.

No. 50. ORDER THEREON, 4th November 1859, No. 2591.

Of the fifty copies of the budget map usually prepared for the Government, it appears that forty copies are sent to England, and six to the Government of India, leaving only four copies for use. It appears to Government quite useless to prepare so many copies, especially when the number of new works to be proposed is so small. It is not only a waste of money, but it involves the still greater evil of a multiplication of useless and bulky records.

2. The Chief Engineer will this year colour ten copies of the budget map for Government, of which five copies will be sent to the Secretary of State and five to the Government of India. For the use of the Madras Government the Chief Engineer will get back six copies of the maps

of former years, and will complete them for the new budget. Those six copies will be disposed of as noted in the margin.

3. The Government sanction one hundred Rupees for the purpose of colouring ten copies of the map.

Secretary to Government.
