*Proceedings of the Madras Government, Public Works Department,
for the month of November 1859.*

No. 127. Proceedings of the Madras Government, dated 19th November 1859, No. 2701.

The Government is of opinion that the time has arrived for the Commissariat department to assume its proper duty of forwarding Government stores by the Godavari, to the military stations which will be supplied by that route.

2. The Commissary General will accordingly select a qualified officer for this service, who will act in the closest concert with the Engineer of the Godavari district. The steam boats and other means of transport belonging to the Government will be made available to the utmost possible extent; and if more are wanted, the Commissariat should endeavour to enter into satisfactory contracts.

3. It must be clearly understood that the *depôts* will be at Madras or elsewhere near the sources of supply; and that what is desired at Kakináda and on the Godavari is proper means of transhipment and conveyance.

4. Captain Stevens, who is at present employed in forwarding the Government stores on the Godavari, will act for the present in the same capacity under the directions of the Commissary General.

5. The Commissary General is desired to give his immediate attention to the execution of the order which has been given for breaking up the Commissariat establishment at Masulipatam.

(Signed) J. D. BOURDILLON,
Secretary to Government.

2707-2701-

Proceedings of the Madras Government.
