*Proceedings of the Madras Government, Public Works Department,
for the month of November 1859.*

No. 66. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 8th November 1859, No. 7013.

I have the honor to submit herewith, a statement shewing the distribution of funds for expenditure on Public Works in the District of Ganjam, with reference to the allotment recently made for the current official year.

Enclosure 1 statement, dated 7th October 1859.

2. It will be observed, that there has been an expenditure of Rupees 66,418 both on new works and repairs up to 30th September 1859, and that the sum proposed for expenditure up to 30th April 1860, is Rupees 40,616, thus making a total of Rupees 1,07,034 which is the aggregate sum allotted to this district, as shewn in the margin.

	Rs.
New works.....	40,000
Repairs of irrigation works.....	32,800
Do. communication.....	27,234
Do. buildings.....	7,000
	<u>1,07,034</u>

3. The statement in question has been prepared with great care by the District Engineer, after full discussion with the Collector regarding the various items included in it.

4. The reduced allotment, however, necessarily involved the curtailment, and in two cases the total omission of expenditure on important works connected with the communications, and as it is highly desirable that no time should be lost in carrying out the wishes of Government, especially in connection with the salt trade of the district, I propose, with the permission of Government, to increase the allotment by Rupees 12,000, as shewn in red ink on the same statement, from funds realized by the sale of timber provided for the anicut bridge at Bezowarrah.

5. The District Engineer, Kistnah Division, has lately written to say, that timber to the value of Rupees 70,000 has been sold to the Chief Engineer of Hyderabad of which Rupees 25,000 have been remitted to the Masulipatam Collector's treasury, and that he anticipates a further sum of about Rupees 30,000 will be realized by the sale of the remaining materials, though the whole of the amount may not be paid down at once.

6. Captain Chambers, who is now at Madras, informs me that we may certainly reckon upon Rupees 80,000 paid in cash during the current official year.

No. 67. ORDER THEREON, 24th November 1859, No. 2740.

This letter is disposed of in the order of the 23rd instant No. 2736.

(Signed) J. D. BOURDILLON,
Secretary to Government.

From The Chief Engineer

To

The Secretary to Government Mr. C.

General
Public Works

Sir,

I have the honor to submit herewith a Statement showing the distribution of funds for expenditure on Public Works in the District of Ganjam with reference to the allotment recently made for the current financial year.

Enc. 1 Stat.
of 1859

2. It will be observed that there has been an expenditure of Rupees 86,418 - both on new works and Repairs up to 30th September 1859, and that the sum proposed for expenditure up to 30th April 1860, is Rupees 40,616, thus

New Works 40,000
Repairs of
Guzgathi 32,800
to
St. Com.
Municipality 2,234
to Buildings 7,010
107,034

making a total of Rupees 107,034 which is the aggregate sum allotted to this District, as shown in the margin. The Statement in question has been

been prepared with great care by the District Engineer, after full discussion with the Collector regarding the various items included in it.

4. The reduced allotment, however, necessarily involved the curtailment and in two cases the total omission of expenditure on important works connected with the communications, and as it is highly desirable that no time should be lost in carrying out the wishes of Government, especially in connection with the Salt trade of the District, I propose, with the permission of Government, to increase the allotment by Rupees 12,000, as shown in red ink on the same Statement from funds realized by the sale of timber provided for the Ancient Bridge at Puzosarrab.

5. The District Engineer's Statement Division has lately written to say that timber to the value of Rupees 70,000 has been sold to the Chief Engineer of Hyderabad of which Rupees

31.
25,000 have been remitted to the Manipalatom Collector's Treasury, and that he anticipates a further sum of about Rupees 30,000 will be realized by the sale of the remaining materials, though the whole of the amount may not be paid down at once.

6. Captain Chambers, who is now at Madras, informs me that we may certainly reckon upon Rupees 80,000 paid in Cash during the current official year.

For Sir George
8 November 1859

Edw. P. Jones
by Ch. S. P. N. C.
